- USB 3.0 SD CARD READER provides convenient access to SD, SDHC, SDXC, and microSD cards from a computer or tablet with a USB 3.0 port; Quickly and securely transfer files with this SD card viewer
- DUAL SLOT MICRO SD CARD can access data from both cards simultaneously for downloading large data files from a video camera to your computer; Transfer data between two cards from your computer to save time when transferring files; Blue LED on the flash memory card reader verifies USB bus power and active data file transfer
- FAST & FUNCTIONAL multi card reader offers fast data transfer from a microSD, SD, SDHC and SDXC memory card up to the USB 3.0 data transfer rate of 5 Gbps; Ideal accessory for a computer or tablet without a micro SD card slot; Flexible card reader with a 6 inch cable tail provides easy access to insert and remove your SD cards; Hot swap support on the SD adapter eliminates the need to unplug and re-plug when changing cards
- PORTABLE SD card adapter features an integrated 6 inch cable tail to connect to a computer without blocking adjacent ports; Weighs less than 1 ounce to carry with your video camera
- SD COMPATIBLE with popular microSD and SD cards such as SanDisk Ultra microSDXC 32GB / 64GB / 128GB, Samsung EVO Class 10 Micro SDHC 16GB / 32GB / 64GB / 128GB, Kingston Digital microSDHC 16GB / 32GB
