

Mercedes-Benz - C63 AMG - 4.0 - 510-BHP (05/2014 - Present)

The graph above is an automated template to show the difference between original and tuned power and torque

🔧 Power (BHP)			
Original	Tuned	Difference	Increase
510	570	+60	11%

🔧 Torque (NM)			
Original	Tuned	Difference	Increase
700	850	+150	21%

Info: 120,000 miles are less desirable to tune, and performance gains cannot always be guaranteed
