Re: 2003 CL600

VIN:

Dear Mr. Konyi,

Thank you for contacting the Mercedes-Benz Canada Customer Assistance Centre (CAC).

Please be advised that vehicles are logged as production year rather than model year, therefore we cannot provide you with the number of CL600s based on model year. We can confirm that in 2002, 16 CL600s were delivered to Canada and in 2003, an additional 48 of the same model were delivered to Canada.

The worldwide production numbers for the CL600 in 2002 were 675 units produced and in 2003, and additional 961 units of the same model were produced.

We trust that this information is sufficient for your request with ICBC.

Yours sincerely,

Guy
Mercedes-Benz Canada Inc.
