# General Information

## Important Note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

## Revision History

## Options In Detail

### 3rd Generation MBUX (Standard)

#### Features

MBUX 3rd generation offers an expandable portfolio of In-Car Apps in different categories.

- Integrated App Store to expand the multimedia offering in the vehicle from various categories such as:
  - Music streaming
  - Social media (user account required)
  - Games
  - Native integration of Amazon Music, Apple Music and Spotify (user account required)

### Routines- Included in the all new MBUX System (Standard)

#### MBUX 3.0 brings all-new Routines function as standard

Increasing the personalization and automation of vehicle and comfort features with the introduction of Routines. There are three ways routines can be created:

- Templated generic routines from library
- User-created routines
- Learned routines from system AI

Example Routines could include: "When I leave for work, turn radio to station X on volume 5" or "When it is cold outside, turn on seat heater".

For more information please see detailed [Routines user guide here](#).

### Burmester® 3D Surround Sounds System w/ Sounds Personalization (Standard)

#### Features:

- 17 high-performance speakers tuned to match the vehicle interior and each with its own amplifier channel
- DSP amplifier with a total output of 710 watts (2 x 120 watts, 7 x 50 watts, 6 x 20 watts) - Increase of 120 watts compared to the previous generation Burmester Surround Sound system.
- 2 broadband speakers in the front area for 3D sound
- Frontbass technology with subwoofers integrated into the body shell
- Sound optimisation for the front, rear or all seats
- 2 sound presets: two built-in sound presets of the 3D surround sound system, you can change the listening experience with a single touch of a button. For completely unadulterated music enjoyment without any additional effects, you can activate the "Pure" style. In "3D-Sound" mode you can also enjoy virtual surround sound with all audio signals.
- Equalizer function for setting the bass, midrange and treble frequencies
- Noise compensation (VNC)
- The design of the speakers also features metal covers, with Burmester® lettering on the speakers
- Sound Personalization (32U)- A tailor-made listening experience: with the personalization of the sound system you can easily achieve your perfect sound setup. A setup assistant with innovative algorithms identifies your music preferences together with you and sets the Burmester® sound system to match your requirements. It stores the result in your personal profile.

### Center Airbag - 325 (Standard)

Additional airbag for increased front occupant protection in the event of a side impact

The center airbag can protect the driver and front passenger from colliding in the event of a side collision. The center airbag is installed in the seat cushion on the inside of the driver's seat and is triggered in the event of a corresponding collision.

### DIGITAL Light - PAX (in DX2)

#### Features:

- HD system with projection module (more than 1 million pixels per headlamp), which uses data from the camera, sensors and the navigation system to calculate the brightness value for each individual pixel in near real time
- Background module MULTIBEAM LED
- DIGITAL LIGHT projection functions, depending on local approval regulations
  - Projection function for lines (30U), for example as guide lines in roadworks
  - Projection function for symbols (42U), e.g. as a direction symbol for lane correction when departing from the lane
  - Projection function for animations (43U), light shows when opening and closing the vehicle
- Ultra Wide Highbeam with maximum headlamp range close to the maximum legally permitted
- DIGITAL LIGHT projection functions, depending on local approval regulations, currently available with partial scopes in the USA

### Standard vs AMG Line

#### Standard

##### Exterior Features:

- Front bumper with underguard in chrome and air inlets with diamond-pattern mesh in black
