

2007 CLK63 AMG^{V8}
Iridium Silver
12555 Miles
52398.00

**LIMITED PRODUCTION VEHICLE- ONLY 143 CLK63
AMG CONVERTIBLES SENT TO THE USA IN 2007, 100 IN
2008. That means only a total of 243 ever for USA.**

"BLACK SERIES KILLER" Mercedes CLK63 AMG cabriolet - **Stage 5 RennTech** completed locally by Dyno Comp in North Scottsdale. www.dyno-comp.com (RennTech #2 dealer in the country) **Dyno numbers: 638 horsepower / 554 lbs. of torque. "RAW HORSEPOWER!!"** **NO superchargers or turbos, so no lag time, power is there when you need it/want it!. Estimated qtr time: mid 11's / top speed governed at 190 mph based on current programming-would easily do 200+ w/o.** That's **131 more hp and 89 more lbs of torque than the decorated "Black Series"** and the bonus of being a convertible. Programmable RennTech module "VIN specified" let's you run on different octane maps and switch in seconds with plug in module.

High Performance adds:

- RennTech Carbon Fiber air intake
- RennTech ECU VIN specified programming
- RennTech Programmable brix plug-in module w/octane maps - up to 2 hrs. of driving results can be uploaded to computer
- RennTech Ceramic race headers
- RennTech Hi-Flow Mid-pipes
- Magna Flow adjustable resonator
- Magna Flow High Flow dual in/dual out muffler
- Custom single sided dual sleeper exit/tail pipe exhaust

(This thing is throaty but still civilized & you can adjust the resonator to your personal preference)

In addition to the quality performance additions above, also added: **Factory Carbon Fiber spoiler, Kenwood DNX 9140 Audio/Video/Navigation entertainment system** with voice command and back up camera, IPOD, USB, Satellite radio, dual 10" concert Kicker Pro series subwoofers and ARC Audio 5080- **1100 watt AMP** that powers the system.

One owner vehicle purchased new from Walnut Creek Mercedes Benz dealership in January 2009. **Window sticker approx. \$95K-** Keyless Go system w/ one key, suede headliner, AMG package includes run flats, Manual Shift mode option w/Aluminum shift paddles. **The new car warranty 4yr. / 50,000 miles did not start until 1/09 good thru 1/12/2013 or 50K miles and car also has pre-certified 5 yr. / 100K mile warranty left good until 1/11/2014 and/ or 100,000 miles!!** Since all performance upgrades are VIN specified the factory warranty is intact.

Over \$22,000 in extra performance upgrades, this car is the ultimate sleeper! High/Exotic performance while still maintaining the sophistication and balance of the vehicle. The car is in perfect showroom condition.

This is a no brainer compared to the black series (only 507hp/465lbs. torque) that will be left in the dust, cost \$20-35,000 less and is a convertible!!

Couple links (cut & paste) below: you tube videos for dyno run before I did custom dual exhaust and a video on the CLK63AMG cabriolet:
