

MODEL 204, 207, 212, 218

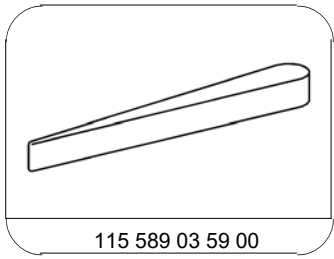

Shown with model 204.0

- 1 Mirror base cover
 2 Check card
 3 Lock
 N70 Overhead control panel control unit (with code (414) Power glass tilting/sliding sunroof)
 N70/3 Overhead control panel electronics (without code (414) Power glass tilting/sliding sunroof)

P82.20-3000-06

	Information on preventing damage to electronic components due to electrostatic discharge		AH54.00-P-0001-01A
	Remove/install		
1 	Carry out initial startup of overhead control panel control unit (N70) or overhead control panel electronics (N70/3) Connect STAR DIAGNOSIS and read out fault memory	When replacing overhead control panel control unit (N70) or overhead control panel electronics (N70/3). With code (882) Interior monitoring also perform initial startup of ATA [EDW] control unit.	AD00.00-P-2000-04A
2	Switch off ignition and remove transmitter key		
3.1	Unclip mirror base cover (1)	MODEL 204, 207.3, 212, 218 Long wedge	*115589035900
3.2	Unclip rain sensor cover	MODEL 207.4 without CODE 513 (Speed Limit Assist) without CODE 608 (Automatic high beam control)	
3.3	Slide cover for rain sensor to the foremost position and remove downwards	MODEL 207.4 with CODE 513 (Speed Limit Assist) with CODE 608 (Automatic high beam control)	
4	Release and lower overhead control panel control unit (N70) or overhead control panel electronics (N70/3)	Use a check card (2) or similar object to slide centrally between the headliner and the overhead control panel control unit (N70) or the overhead control panel electronics (N70/3) and push lock (3) towards direction of travel.	
5	Disconnect all electrical connectors at the overhead control panel control unit (N70) or overhead control panel electronics (N70/3)	Depending on vehicle equipment.	
6	Detach and remove overhead control panel control unit (N70) or overhead control panel electronics (N70/3) (arrow)		
7	Install in the reverse order		
8	Normalize tilting/sliding roof	When replacing overhead control panel control unit (N70) with code (414) Power glass tilting/sliding roof.	

Long wedge
