Cargo & Care

Roof Rack Basic Carrier (Ski Holder configuration shown)

01 Roof Rack Basic Carrier (Roof Box configuration shown)
Our basic carrier is an essential component for attaching a wide assortment of items to the top of your vehicle. After easy installation, you can securely attach bicycles, ski and snowboard racks, or a cargo container.

02 Roof Rack Storage Bag
Protect your Roof Rack Basic Carrier in this nylon bag when not attached to your car.

03 Roof Box Bag Set
This set of four sporty and functional bags is designed to fit inside our Small Roof Cargo Containers. The Luggage Set for the Large Roof Cargo Container additionally includes two bags for two pairs of skis. Made from durable, weather resistant materials. Shoulder straps included.

04 Roof Boxes
Create additional space for sports equipment and luggage with one of our aerodynamic, high-quality roof containers. Constructed of lightweight, yet exceptionally durable, impact-tested thermoplastic material. Boxes open on both sides. Two sizes available: 450 litres (available in black metallic and silver metallic); 330 litres (available in titanium metallic and matte silver.)

01

01 Bike Holder

Up to three bicycle racks can be fitted per pair of basic carrier bars. Each bicycle rack can hold one bicycle with a max. frame diameter of 98 mm (circular frame tubes) or 110 x 70 mm (oval frame tubes). The support frame folds down when not in use, reducing drag when travelling without bicycles. Bicycles can either be attached to the rack once it has been fitted to the roof or before it is fitted.

02

03

02 Ski Holder Small

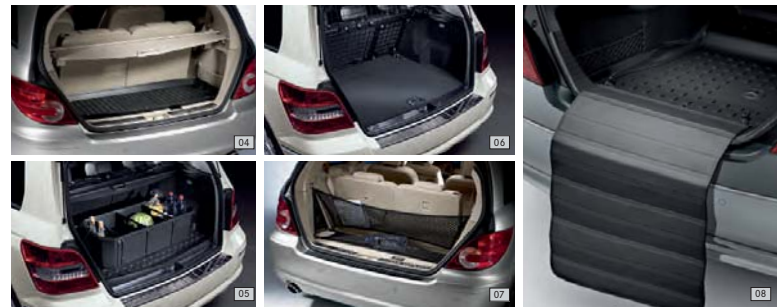

This rack is made to tote up to four pairs of skis or two snowboards atop. Requires Roof Rack Basic Carrier.

03 Ski Holder Large

This rack holds up to six pairs of skis or four snowboards and features a pull-out function that makes it easier for loading and unloading without the need to reach across the roof of the car. Requires Roof Rack Basic Carrier.

03

04 Trunk Trays (Shallow and Deep)

Simple to clean. Non-slip thanks to PP-Flex material. Suitable for transporting foodstuffs. Shallow version pictured above.

05 Storage Box

Ideal for transporting items which are prone to tip over or slide around. Adjustable partitioning elements allow crate to be divided into four sections. Optimum functionality only in conjunction with shallow trunk tray.

06 Cage Partitions

Designed to protect the passenger compartment. With opening for access.

07 Trunk Nets

Versatile and convenient, strong and durable nylon nets help you secure objects in the back of your vehicle. Rear net may be attached to the loading sill. Each net is sold separately.

08 Load Sill Folding Protector

Protects bumper and load sill from scratches. Shallow trunk tray also shown.

Round off your vehicle's chrome finish and protect the paintwork from scratches.

03 Fin Attachments

Eye-catching high-shine chromed trim. 6-piece set for the air intakes in the hood.

04 Rear Spoilers

Rear spoilers provide a more athletic look for your vehicle, and accentuate the trunk lines. Tailor-made of high-quality material for quick installation and a perfect fit.

05 Roof Spoilers

Roof spoilers extend the roofline of your Mercedes-Benz, enhancing its sporty appearance by giving the rear window a more compact, sleek look.

06 Licence Frames

Choose from several quality stainless steel designs in an assortment of durable finishes to enhance the appearance of your licence plates without blocking registration tags. Design styles include: Mercedes-Benz frame, Slimline frame, AMG Logo frame, and Star Marque solid plate. Mercedes-Benz (Polished, Black Powder Coat) and AMG (Carbon Fiber) frames shown.

Multimedia

Mercedes-Benz offers an array of multimedia accessories that enable you to stay connected, informed and entertained – no matter where the road takes you.

Here is a small sample of digital solutions available from your Mercedes-Benz dealer. DVD and iPad systems help to entertain your passengers during long journeys. iPhone integration and navigation aids keep you in contact, in the groove and on course.

Ask your Service or Parts Advisor about the latest specifications and versions of multimedia accessories for your model.

Rear Seat Entertainment (M-Class version shown)

This elegant DVD system allows the rear passengers to watch DVDs, look at their favourite pictures and even play video games on two superb 7-inch colour screens, without disturbing the driver or restricting the rear field of vision. The system is available with separate DVD players, which means that rear-seat passengers have the option of watching a different video source on each screen. The AV-IN connection and USB and SD card interfaces allow other storage media to be used too.

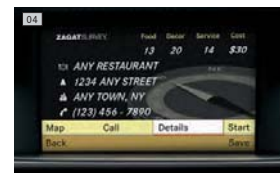

01 Rear Seat iPad Systems
 The ergonomic, crashproof docking station introduces the iPad and all of its familiar functions to your Mercedes-Benz. All connections (e.g. for your headphones), remain accessible. The mount can be tilted and rotated around 90°. An integral USB port means you can also charge your iPad's battery using your charging cable. Available for iPad or iPad 2.

02 iPod Integration
 It's easy to control your iPod via the multifunction steering wheel: scroll through the menus, adjust the playback and volume and display the artist/title of your choice in the instrument cluster. Your iPod's battery is charged while it is connected. No factory-retrofitted optional extras required.

03 Accessory Navigation System
 The Accessory Navigation System from Mercedes-Benz allows the Standard Audio 20 Radio and 5.8-inch display in the vehicle to be upgraded to an innovative, multifunction navigation system.

04 The Navigation Map
 DVD updates are available for purchase from your authorized Mercedes-Benz dealer. Annual map updates help keep you up to date with local mapping and the many changes to Points-of-Interest that occur every year. These updates include information on highway and road changes, ATMs, restaurants, hotels, airports and museums. With up to 1.7 million Points-of-Interest in 40 categories changing year to year, these easy-to-install DVD map updates are the most convenient way to keep your Navigation System current.

Wheels

Wheels can transform the look of your vehicle – and turn heads in the process.

Mercedes-Benz Genuine Wheels are tested as an integral part of the vehicle, ensuring the correct fit, handling and impact absorption for your model's size, weight and power.

The five examples shown here are just a sample of the Mercedes-Benz and AMG wheels available at your authorized dealer.

Ask your Service or Parts Advisor about the styles, colours and sizes available for your specific model.

Mercedes-Benz *Approved* Tires.

Mercedes-Benz works closely with premium manufacturers to develop tires suited to the performance, safety and reliability requirements set by our factory engineers.

Ask your Service or Parts Advisor about the wide selection of Mercedes-Benz "Approved" Tires that have passed stringent testing for traction, noise and tread wear on wet and dry roads and at Autobahn speeds.

- 07 **Tire Pressure Gauge**
Compact design. Saves readings. Suitable for all tire valves (including cycle tires). Keeping tires at the optimum pressure saves fuel and reduces tire wear. Supplied with leather pouch.
- 09 **Hub Caps**
Add an attractive finishing touch to your wheels with these inserts. Various styles available.
- 10 **Tire Tote**
Protect your tires (and you cloths) when storing and transporting your out-of-season tires.
- 08 **Wheel Locks**
Wheel locks can provide a subtle yet effective security touch to your C-Class, helping to protect your light-alloy wheels and tires from theft. One set secures four wheels. Includes coded key.
