

Shown on engine 272

- 1 Adapter line
 3 Multimeter
 4 Electrical connector

Y110 Coolant thermostat

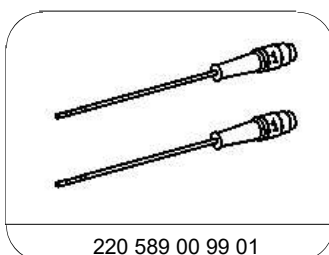

P20.10-2157-06

Remove/install		
1	Remove poly-V belt	AR13.20-P-0001EWS
2	Disconnect electrical connector (4) at coolant thermostat (Y110)	
	Measure	
3	Connect multimeter (3) with adapter cable (1) to coolant thermostat (Y110)	*220589009901
4	Measure resistance	*BE20.10-P-1003-02C AR20.10-P-2460EW
5	Install in the reverse order	

Check values for coolant thermostat
