

Document title Service Information: Modified door shells

Document number si7200p0008a

Model 204.0/2/9, 212

Modification notes

18.03.2014	Validity extension for model 204.0/2 and table for door shells extended.		
------------	--	--	--

As from 05/2013 (model 204.9, 212) or 07/2013 (model 204.0/2) new door shells have been used in production. With these doors, the strips installed at the bottom are **not** required any more and therefore they may **not** be installed or retrofitted any more.

The mounting holes for the lower strip have been discontinued on the door shell, and - from a technical point of view - they are no longer required.

i Once the old door shells have been used up in the parts department, only the new door shells without mounting holes shall be available for use. When installing the new door shells in "older" vehicles (up to 04/2013), the previously mounted strip can **no** longer be installed. This is discontinued without replacement.

The table below lists the new door shells in which the strip can no longer be installed.

Parts ordering note

Part no.	Designation	Quantity
A 204 730 13 00	Left rear door, model 204.9	
A 204 730 14 00	Right rear door, model 204.9	
A 204 730 21 00	Left rear door, model 204.0	
A 204 730 22 00	Right rear door, model 204.0	
A 204 730 23 00	Left rear door, model 204.2
