

E-Class Wagon

Model Year 2018

Preliminary – Subject to change

Mercedes-Benz
The best or nothing.

Important note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

Headlamps

LED headlamps (632)

Standard

- All functions feature LED technology
- Excellent illumination of the road
- Distinctive look during day and night
- Integrated LED daytime running lamps
- Projector LED low-beam and reflective LED high-beam technology
- LED taillamps (w/stardust effect)
- Low energy consumption
- Much longer bulb life

LED Intelligent Light System (640)

Optional

Included in Premium 2 Package (P02)

All functions of the standard LED headlamps plus:

- Automatic high-beam control by Adaptive Highbeam Assist
- Automatically activated cornering lights
- Active light function for significantly better illumination in bends
- Pairs w/ standard LED taillamps

Steering Wheels

3-Spoke multifunction steering wheel (L3C)

Standard

- The all new 3-spoke steering wheel in Nappa leather comes with unique Touch Control Buttons in the control panels on the left and right.
- The steering wheel is embossed in the center grip area.
- Galvanized shift paddles, only with Luxury Line (167)

Wood/leather steering wheel (L3D)

Optional

Requires Burl walnut wood trim (731)

Not available with heated steering wheel (443)

- The combination of high-quality leather in the grip area and fine wood inserts at the top and bottom make this steering wheel a visual and tactical highlight.
- Galvanized shift paddles

Heated Steering Wheel (443)

Optional

Not available with wood/leather steering wheel (L3D)

- On cold days, heating of the steering wheel rim very rapidly ensures cozy temperatures of the grip area and thus also warm hands.
- The switch for turning the heating on and off is positioned right next to the steering wheel.
- Galvanized shift paddles

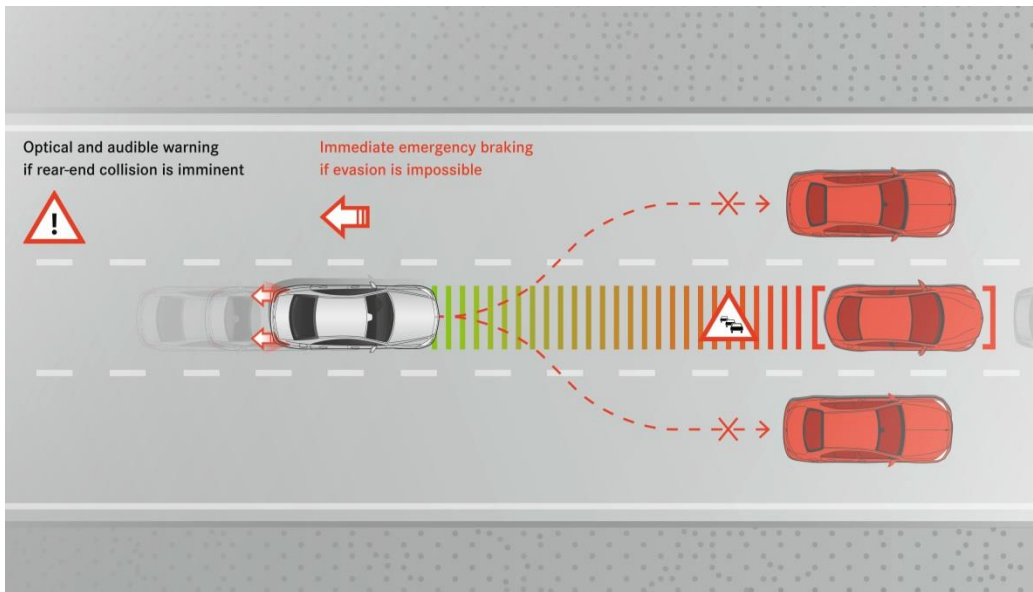

Active Brake Assist

Active Brake Assist

Standard on all models

- Radar-based driving assistance system that can help prevent accidents with vehicles ahead and with crossing pedestrians or mitigate the consequences of accidents
- Combination of proximity warning, collision warning, on-demand braking assistance and autonomous braking function
- Additional audible warning if the distance diminishes rapidly
- If the driver initiates emergency braking – if necessary – increase in braking pressure by the on-demand braking assistance
- Initiation of autonomous braking if the driver fails to react
- Visual and audible warning plus almost simultaneous emergency braking if an impending collision with a **crossing pedestrian** is detected

Crosswind Assist

Crosswind Assist

Standard on all models

- Traditionally, strong gusts of wind may lead to sudden lateral drift of the vehicle
- Crosswind Assist aids the driver by reducing the vehicle's lateral drift substantially in windy driving conditions
- Crosswind Assist is integrated into the ESP® sensor system and enables the timely detection of gusts of crosswind
- Automatic brake intervention on the wheels on the side of the vehicle facing the wind results in a motion which counteracts the crosswind
- Crosswind Assist substantially enhances the driver's sense of control, stability and safety

AIR BODY CONTROL (489)

AIR BODY CONTROL (489)

Option Price: \$1,900

- Multi-chamber air suspension combined with continuously adjustable damping to improve ride comfort and driving dynamics
- Vehicle characteristics can be varied from comfortable through to sporty using DYNAMIC SELECT switch
- "Comfort" and "Sport" settings for a more comfortable or stiffer, sportier setup
- Constant vehicle level irrespective of load thanks to pneumatic all-round self-levelling suspension
- Suspension level can be raised for poor surfaces and is automatically lowered at high speeds, helping to reduce aerodynamic drag and further improve handling stability

Burmester® Surround Sound System (810)

Burmester® Surround Sound System (810)

Included in Premium 1 Package (P01)

- 13 high-performance speakers precisely configured for the vehicle interior to ensure well-balanced and very dynamic music reproduction
- 9-channel DSP amplifier with a total output of 590 watts (7 x 50 W and 2 x 120 W) for maximum sound quality with very high volume reserves
- Frontbass® technology with woofers integrated into the dash for vibrant bass reproduction
- Combination of digital and analogue filter elements for the unique Burmester® "feel-good sound"
- Sound optimization for the front and rear seats
- Noise compensation (VNC)
- Sound preset: surround function to generate virtual all-round sound
- Support for popular multi-channel formats such as Dolby Digital 5.1/DTS for example, for true surround sound

Mercedes-Benz Intelligent Drive – Overview

Mercedes-Benz Intelligent Drive – Overview

Included in Premium 3 Package (P03)

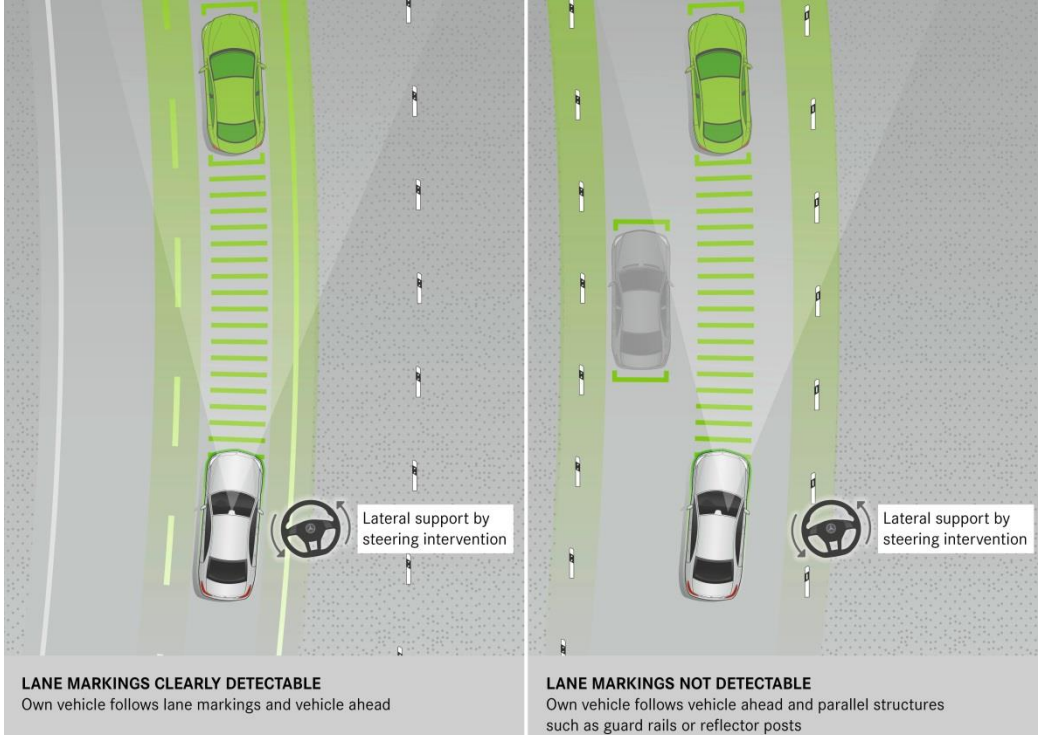

“Mercedes-Benz Intelligent Drive” is a gateway to a more autonomous & accident-free driving which increases safety for all drivers on the road. The following lists all features that are available with the all new E-Class:

- Active Distance Assist DISTRONIC®, Active Steering Assist, Active Lane Change Assist, Active Emergency Stop Assist, and Active Speed Limit Assist
- **Active Brake Assist with Cross-Traffic Function**
- **Evasive Steering Assist**
- PRE-SAFE® PLUS
- **PRE-SAFE® Impulse Side**
- Active Lane Keeping Assist
- Active Blind Spot Assist

Mercedes-Benz Intelligent Drive

Mercedes-Benz Intelligent Drive Included in Premium 3 Package (P03)

- Active Steering Assist generates steering torque which helps the driver to keep the vehicle in the center of its lane (straight roads and slight bends), taking its guidance from vehicles ahead and road lane markings
- Active Lane Change Assist helps the driver with changing lanes by means of steering torque when the driver initiates the change by activating the turn indicator and the system does not detect another vehicle in the adjacent lane
- Extended tolerance for the hands-off warning of Active Steering Assist with intelligent hands-on detection
- Active Emergency Stop Assist brakes the vehicle to a controlled stop if the system detects that the driver is permanently distracted or is no longer able to operate the vehicle
- Active Distance Assist DISTRONIC® maintains the selected distance from the vehicle in front, and works in the speed range from 0 - 130 mph, also reacting to stationary vehicles at low speeds

Mercedes-Benz Intelligent Drive – Active Brake Assist with Cross-Traffic Function

Mercedes-Benz Intelligent Drive – Active Brake Assist with Cross-Traffic Function

Included in Premium 3 Package (P03)

- The system is able to reduce the risk of collisions and accidents at road junctions
- Monitoring of traffic situation ahead of the vehicle by means of radar sensors and stereo multipurpose cameras
- Vehicles travelling ahead are detected up to a speed of 130 mph
- Crossing traffic and bicyclists are registered up to a speed of 45 mph, as well as pedestrians who are stationary or moving slowly in the path of the vehicle
- When danger of a collision is detected, the system gives a visual and audible warning and brakes
- If the driver firmly applies the brakes, the system calculates the brake pressure that would be needed to prevent a collision
- If a collision cannot be prevented, the impact speed is reduced as much as possible by emergency braking

Mercedes-Benz Intelligent Drive – Evasive Steering Assist

Mercedes-Benz Intelligent Drive – Evasive Steering Assist

Included in Premium 3 Package (P03)

- When the driver deliberately or instinctively performs an evasive maneuver in a dangerous situation (pedestrian crossing the street), Evasive Steering Assist provides assistance by adding precisely calculated steering torque to support the movement of the steering wheel
- This helps the driver to avoid a pedestrian in a controlled manner while subsequently facilitating the movement of the vehicle to allow the situation be negotiated safely

Mercedes-Benz Intelligent Drive – PRE-SAFE Impulse Side

Mercedes-Benz Intelligent Drive – PRE-SAFE® Impulse Side

Included in Premium 3 Package (P03)

- PRE-SAFE® Impulse Side initiates preventative protective measures against an impending side impact, supplementing the measures taken by PRE-SAFE® and PRE-SAFE® PLUS
- In the event of a side impact, PRE-SAFE® Impulse Side can have a positive effect by increasing the distance between the occupant and the door, and at the same time reducing the relative speeds between the side structure and the occupant's torso
- In the event of a recognized, unavoidable side collision, the system can give the driver or front passenger a slight push towards the center of the vehicle on the side facing the impact
- This lateral impulse is initiated by very rapid inflation of an air chamber in the seat bolster
