Specifications

## *AMG E 63 S (213.289)*

- MSRP \$tba
- Handcrafted AMG 4.0L V8 biturbo engine
- 603 hp
- 627 lb-ft
- 3.4 sec (0-60 mph)
- Launch Date Q3 2018

## *Exterior*

- No changes

## *Interior*

- New generation AMG Performance steering wheels
- Brown Ash wood trim w/ matching center console
- *designo* Magnolia Flowing Lines wood trim discontinued
- AMG Nappa/Black Piano Lacquer Performance Steering Wheel as a standalone option
- Brown Ash wood trim w/ matching center console
- Heated steering wheel becomes available

## *Standard Equipment*

- Mercedes-Me Connect Services
- Surround View System

## *Optional Equipment*

- AMG Nappa/Piano Lacquer Performance Steering Wheel
- Heated Steering Wheel in Warmth & Comfort Package or a standalone option
- Enhanced Safety Systems included within Driver Assistance Package
  - Route-Based Speed Adaptation
- Head-up Display becomes a standalone option
- New Packaging strategy

## *Performance & Handling*

- Handcrafted AMG 4.0L V8 biturbo engine
- AMG SPEEDSHIFT® MCT (Multi Clutch Technology) 9-speed transmission
- AMG Performance 4MATIC+ w/ Drift Mode
- AMG Cylinder Management
- AMG Sport Suspension based on AIR BODY CONTROL
- 20" AMG Wheels
- AMG DYNAMIC SELECT

## *Comfort & Convenience*

- Multicolor ambient lighting
- Auto-dimming rearview and driver-side mirrors
- Bluetooth® connectivity
- COMAND® navigation
- HomeLink® garage door opener
- LED Headlamps
- Powered front seats w/ 3-position memory and 4-way power driver's lumbar support
- Power folding mirrors
- Panorama sunroof
- Smartphone integration with Apple CarPlay™ & Android Auto
- Split-folding rear seats (40/20/40)
- Steering wheel with Touch Control Buttons
- Touchpad w/ central controller
- Mercedes me connect
- Burmester® Surround Sound System
- Active Parking Assist PARKTRONIC
- Surround View System
- AMG Track Pace App
- NFC wireless charging
- SiriusXM Radio w/ free trial period
- AMG Nappa Leather upholstery
- Nappa Leather Dashboard
- Heated and ventilated front seats
- Power Tailgate
- Inductive Wireless Charging w/ NFC Pairing
- KEYLESS-GO Comfort Package
  - HANDS-FREE ACCESS
  - Electronic trunk closer
  - KEYLESS-GO®

## *Safety & Security*

- Active Brake Assist
- ATTENTION ASSIST®
- Car-to-X Communication
- Crosswind Assist
- LED Headlamps and Taillamps
- PRE-SAFE®
- PRE-SAFE® Sound
- Tire Pressure Monitoring System (TPMS)
- Blind Spot Assist

## Handcrafted AMG 4.0L V8 biturbo engine (M177 E40DEH LA AMG)

### Handcrafted AMG 4.0L V8 Biturbo engine (M177 E40DEH LA AMG)

- **Aluminum crankcase** featuring a racing inspired closed-deck design
  - The area around the cylinders' coolant enclosure is closed off at the top and is only perforated by cooling channels
  - This makes the engine block more rigid and able to withstand greater loads
- **Forged, lightweight aluminum pistons** – high performance and low weight
- **Two Twin-scroll turbochargers** with separate exhaust channels
  - Positioned between the cylinder heads for faster response
  - Inspired by Formula 1
  - Keeps engine compact, improves turbo response and lowers emissions
  - Separate exhaust channels prevent turbos from having a negative impact on each other during load/directional changes, and enables faster spooling/buildup of turbo pressure
- **Dynamic Engine Mounts** – Adjust to DYNAMIC SELECT mode and driving conditions
  - “Soft Mounts” for Comfort – Reduces engine noise and vibration
  - “Hard Mounts” for Sport – Increases steering precision
- **Variably Adjustable Inlet and Outlet Valves**
  - Filled with sodium
  - Light weight

## Brakes

### AMG High-Performance Composite Braking System (U70)

*Standard*

6-piston front and 1-piston rear calipers

- Front axle: Composite brake disc measuring 390 x 36 mm, internally ventilated and perforated with 6-piston fixed caliper
- Rear axle: Brake discs measuring 360 x 26 mm, internally ventilated and perforated with 1-piston floating caliper
- Increased fade resistance and reduced thermal deformation of brake discs
- Red-painted brake calipers with “AMG” lettering

### AMG Carbon Ceramic Braking System (B07) [See Advisory](#)

*Option price: \$8,950*

6-piston front and 4-piston rear calipers

- Front axle: composite ceramic disc with a diameter of 402 x 39 mm, internally ventilated and perforated, with 6-piston fixed caliper
- Rear axle: integral brake disc with a diameter of 360 x 32 mm, internally ventilated, perforated and grooved with 4-piston fixed brake caliper
- 40% weight saving compared with standard brake discs
- Able to withstand extreme loads and heat
- Motorsport braking performance, very high fade resistance
- Bronze-painted brake calipers with “AMG Carbon Ceramic” lettering

## Advisory on B07 AMG High-Performance Ceramic Compound Braking System

The AMG Ceramic Composite Braking system has numerous benefits – namely, it is 40% lighter than a conventional steel braking system, offers significantly longer service life for the brake rotors, and provides exceptional resistance to brake fade under repeated aggressive stops.\*

The materials in your AMG Ceramic Compound Braking system were derived from Formula One technology, and therefore will perform differently than conventional brakes.

Especially when cold, this ceramic composite material will resonate during braking and potentially feel less responsive under light brake pressure but with no loss in braking power. You will hear sounds, e.g. squealing, that you might not expect and which may be louder than what you are used to during ordinary everyday braking maneuvers – rest assured that this is a normal operating characteristic for this brake system, and is a by-product of the unique properties of the material. Mercedes-AMG recommends that the driver engage the brakes in an assertive manner in order to mitigate some of this noise during normal operation; Mercedes-AMG also recommends that the brakes be brought up to operating temperature before use in high-performance driving situations in order to improve braking performance.

*\*Brake weight based on AMG Germany official measurements, Service life based on F1 Safety car longevity and is dependent on individual driving style and conditions and will vary. Brake pads and rotors should be regularly serviced to ensure proper wear. Please reference your Mercedes-AMG Maintenance Booklet or contact your dealer for scheduled intervals.*

## *Steering Wheels*

---

### **AMG Performance steering wheel in Nappa /DINAMICA (L6K)**

*Standard*

- Features a flattened bottom section
- Grip is finished in DINAMICA microfiber
- Silver-colored aluminum shift paddles
- 12-o'clock marking

### **AMG Performance steering wheel in Nappa leather (L6J)**

*No-cost option*

- Features a flattened bottom section
- Perforated grip area
- Silver-colored aluminum shift paddles
- 12-o'clock marking

### **AMG Performance steering wheel in Nappa/Black Piano Lacquer (L6L)**

*Optional*

- Features a flattened bottom section
- Perforated grip area
- Silver-colored aluminum shift paddles
- 12-o'clock marking

## LED Intelligent Light System (640)

### **LED Intelligent Light System (640)**

*Optional in Exterior Lighting Package (319pkg)*

- Excellent illumination of the road
- Integrated LED daytime running lamps with fiber optic effect
- Projector LED low-beam and reflective LED high-beam technology
- LED taillamps extending into tailgate
- Low energy consumption
- Color of emitted light more similar to that of daylight
- Much longer bulb life
- Automatic high-beam control by Adaptive Highbeam Assist
- Automatic adaptation of headlamps to weather, lighting and driving conditions for ideal visibility in every situation
- Automatically activated cornering lights
- Active light function for significantly better illumination in bends
- Distinctive look during day and night

## AMG Performance seats (555)

## *AMG Performance Exhaust System (U78)*

### **AMG performance exhaust system – strong sound optional**

From typical AMG to restrained, the sound of the AMG performance exhaust system fully adapts to the currently selected transmission mode by means of three variably adjustable exhaust gas flaps. The driver can also change the sound characteristics at the press of a button. This optional equipment allows a maximum spread of the sound, from comfortable to highly emotive.

Two additional exhaust gas flaps allow for even greater differentiation of the sound characteristics. The sound characteristics are dependent on the currently selected drive program – from rich in drive programs C and S to emphatically sporty in drive programs S+ and Race. Control is by means of a variably adjustable exhaust gas flap – without loss of power. Control of the exhaust gas flaps is dependent on both engine speed and load, ensuring a 100% power delivery. If desired, the cold start noise can be reduced in drive programs C and S.

- Stronger differentiation of the sound characteristics by means of two additional exhaust gas flaps
- Sound characteristics dependent on selected drive program – clear differentiation between rich in drive programs C and S and emphatically sporty in drive programs S+ and Race (only for C 63 S)
- Additional control of the sound characteristics by means of a button in the middle control panel of the center console
- Control by means of variably adjustable exhaust gas flaps – without loss of power
- Control of the exhaust gas flaps is dependent on both engine speed and load, ensuring 100% power delivery
- Double declutching (in S) and a misfire (in S+ and Race emphasize the sporty characteristics of the particular drive programs
