

Pre-Delivery Inspection Model Year 2021

257 CLS-Class CLS450 CLS450-45 AMG CLS53

Dealer: Technician:			Repair Order:		
VIN:		c	Stock #: Date:		
FIT AND APPEARANCE: Where referenced, this refers to ch	ocking for dirt dam				
	-	-	nance, illumination, and quiet, smooth operation (as applicable)		
¹⁾ CAUTION! Hybrid training must be completed prior to perfor	rming hybrid PDI*				
PRIOR TO PDI		OK ✓	Driver door switches: Function of exterior mirror adjustment/ rear		
Verify that all recall/service campaigns have been performed	t t	•	window lock / trunk release / button for passenger seat / rear side window blinds / fuel filler flap release (hybrid)		
EXTERIOR INSPECTION		OK ✓	Seats: Function of seat adjustments/ seat heating & ventilation (LED illuminates)/ memory feature/ lumbar supports/ multi-contour seat adust		
Walk-around		•	Magic sky roof ² : Function of roof (adjust transparency using button)		
Exterior protection: Remove protection/ wrap guard before			At Rear Seat Position		
Label Verification: Visual Inspection for Monroney (MSRP) I			Windows: Proper window operation (full range of motion); Auto-reverse		
Content/SMOG Index Label; For vehicles retailed in the sta please remove G. Daimler sticker from windshield.	ate of N.J.,		function (w/ plastic wedge)		
Body panels: No scratches, dents, gaps, poor fit			Door: Check door for noises and operation		
Exterior features: No scratches, blemishes, poor fit (bumpe bump strips, mirrors, exterior lights, antennas)	r covers, grill,		Seat belts: Fit and appearance of seat belts; Function of retraction/ locking/latching/height adjustment		
Window glass: No scratches, chips, cracks, distortion			Head restraints: Operation and adjustment of head restraints		
SmartKey & Keyless Go: For both keys, function of lock &			Rear climate control: Function of temperature adjustments/ air		
door)/ trunk release/ panic/ summer open & convenience of motion windows/ sunroof)	ciose (fuil range		distribution & airflow adjustment / rear air vents; Set to 72° AUTO / Rear refrigerator		
Wheels and Tires			Rear seat features: Function of reading lamps/ front passenger seat button		
Tires: Correct tire pressure (as on fuel tank door); Inspect fo Confirm same manufacturer for all tires (except spare)	r damage;		(passenger door) / multi-contour adjustments / rear side window blinds;		
Wheels: Torque wheel bolts to required specs; Inspect rims	for damage		Installation of child seat anchors / Folding table / Reclining seats / Rear seat heating/cooling / Heated/cooled cup holders	L	
Trunk			Rear seat entertainment: Function of DVD player/ remote/ screens/		
Trunk features: Function of trunk illumination / emergency telectronic closing & locking features	LI UNK TELEASE/		headphones At Passenger Seat Position		
Tool kit & spare tire: Verify proper installation of vehicle jac	ck/ tool kit/		Occupant classification system: Function passenger seat airbag		
spare tire Trunk contents: Place first aid kit, sunroof crank, head rest	raint reset tool		sensor (sit in seat and observe passenger airbag indicator lamp)		
in appropriate locations, and owner's portfolio in glove box			Windows: Proper window operation (full range of motion); Auto-reverse		
Under Hood			function (w/ plastic wedge) Door: Check door for noises and operation		
Engine bay: Install hood star; Inspect for any leaks or damage wire harness routing/ clamps & fasteners/ electrical ground			Seat belts: Fit and appearance of seat belts; Function of retraction/		
Fluids: Fluid levels (check with engine at operating tempe	erature [engine		locking/ latching/ height adjustment		
oil, brake fluid, engine coolant, hybrid system coolant, wa power steering fluid]); Correct as necessary	asher fluid,		Head restraints: Operation and adjustment of head restraints		
Battery charger: Connect battery charger to main battery for	or Interior		ROAD TEST	OK ✓	
Inspection (under-hood contact points)		01/	Keyless Go/Smart Key: Check function / lock / unlock / engine starting		
INTERIOR INSPECTION		OK ✓	Telematics & Climate Control (outdoor & stationary, engine on) Climate control: Function of climate control system (cycle through max cool.		
At All Positions			Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front		
At All Positions Interior protection: Remove film on gear selector/interior			Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats			Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position	protective		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high	protective		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization)		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message	protective n beams)/ turn hts/ hazards displayed in		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o	protective h beams)/ turn hts/ hazards displayed in r glass		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/-0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ war rear window sunshade / rear head restraint button	protective h beams)/ turn hts/ hazards displayed in r glass rning lamps /		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/-0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ war rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b	protective protective beams)/ turn hbeams)/ turn hts/ hazards displayed in r glass rning lamps / ack buttons		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/-0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Function Function of steering column	protective protective n beams)/ turn thts/ hazards displayed in r glass rning lamps / ack buttons n of horn /		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Functio Function of steering column Windows: Proper window operation (full range of motion); A	protective protective a beams)/ turn shts/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception / response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale.		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Function Function of steering column	protective protective a beams)/ turn shts/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Function Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation	protective protective h beams)/ turn hts/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception / Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power)		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Messagee instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Function Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint	protective protective n beams)/ turn ths/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power) Noises: No unusual noises from body, seats, engine, transmission,		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster)/ Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scoolling, select and b (scroll through each menu, check time zone setting); Functio Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint Locks: Function of lock & unlock switches (driver & passeng	protective protective a beams)/ turn ths/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to its er doors)		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception / Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power)		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster) / Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Functio Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint Locks: Function of lock & unlock switches (driver & passeng Seat belts: Fit and appearance of seat belts; Function of ret locking/ latching/ height adjustment	protective protective h beams)/ turn hts/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to ts er doors) raction/		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power) Noises: No unusual noises from body, seats, engine, transmission, suspension, steering, brakes, tires/ wind noises (at varied speeds) Vibrations: No vibrations from tires, brakes, steering Brakes: Braking power/ pedal feel (not too soft/firm)		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster) / Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scooling, select and b (scroll through each menu, check time zone setting); Functio Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint Locks: Function of lock & unlock switches (driver & passeng Seat belts: Fit and appearance of seat belts; Function of ret locking/ latching/ height adjustment Attention Assist: Function of Attention Assist (activate	protective protective beams)/ turn thts/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to tacked to tacked to ack buttons n of horn / uto-reverse tached to ack buttons tacked to ack buttons		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception / volume / balance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power) Noises: No unusual noises from body, seats, engine, transmission, suspension, steering, brakes, tires/ wind noises (at varied speeds) Vibrations: No vibrations from tires, brakes, steering Brakes: Braking power/ pedal feel (not too soft/firm) Steering: Proper feel/ alignment/ no excessive play		
At All Positions Interior protection: Remove film on gear selector/interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse lig Night View Assist: Function of night view system (Message instrument cluster) / Check for dirt in infrared camera lens o Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Functio Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint Locks: Function of lock & unlock switches (driver & passeng Seat belts: Fit and appearance of seat belts; Function of ret locking/ latching/ height adjustment	protective protective beams)/ turn thts/ hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to tacked to tacked to ack buttons n of horn / uto-reverse tached to ack buttons tacked to ack buttons		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power) Noises: No unusual noises from body, seats, engine, transmission, suspension, steering, brakes, tires/ wind noises (at varied speeds) Vibrations: No vibrations from tires, brakes, steering Brakes: Braking power/ pedal feel (not too soft/firm)		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse light Night View Assist: Function of night view system (Message instrument cluster) / Check for dirt in infrared camera lens or Instrument cluster: Function of driver display/gauges/ warerar window sunshade / rear head restraint button Steering wheel/column: Function of scrolling, select and b (scroll through each menu, check time zone setting); Function Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint Locks: Function of lock & unlock switches (driver & passeng Seat belts; Fit and appearance of seat belts; Function of ret locking/ latching/ height adjustment Attention Assist: Function of Attention Assist (activate Assist in the multi-function display using steering wheel Indicator lamp displays Overhead controls: Function of front & rear interior lamps/	protective protective the beams) / turn thts / hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to tts er doors) raction / e Attention controls) -		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. Test Drive (3-5 miles) Engine start with SmartKey/ Keyless Go; Engine performance (idle quality, throttle operation, power) Noises: No unusual noises from body, seats, engine, transmission, suspension, steering, brakes, tires/ wind noises (at varied speeds) Vibrations: No vibrations from tires, brakes, steering Brakes: Braking power/ pedal feel (not too soft/firm) Steering: Proper feel & ride quality (C drive program) Transmission: Shift quality (all gears)/ Function of gear selector lever and steering wheel		
At All Positions Interior protection: Remove film on gear selector/ interior material (except carpet, door sill, and driver seat protection) Floor mats: Verify presence and install floor mats At Driver Seat Position Exterior lights: Function of headlamps (including aim & high signals/ parking lamps/ fog lamps/ brake lights/ reverse light Night View Assist: Function of night view system (Message instrument cluster) / Check for dirt in infrared camera lens or Instrument cluster: Function of driver display/gauges/ wat rear window sunshade / rear head restraint button Steering wheel/column: Function of scolling, select and b (scroll through each menu, check time zone setting); Function Function of steering column Windows: Proper window operation (full range of motion); A function (w/ plastic wedge); California Cars: Prop65 Label at inside driver's side window (facing inward) Door: Check door for noises and operation Head restraints: Operation and adjustment of head restraint Locks: Function of lock & unlock switches (driver & passeng Seat belts; Fit and appearance of seat belts; Function of ret locking/ latching/ height adjustment Attention Assist: Function of Attention Assist (activate Assist in the multi-function display using steering wheel Indicator lamp displays Overhead controls: Function of front & rear interior lamps/ lamps/ rear-view mirror/ garage door opener buttons (LED in the section of lock	protective protective the beams) / turn thts / hazards displayed in r glass rning lamps / ack buttons n of horn / uto-reverse tached to tts er doors) raction / e Attention controls) - reading lluminates)		Climate control: Function of climate control system (cycle through max cool, max heat, air distribution & airflow adjustments, function of switches)/ front air vents; Set to 72° AUTO; Set airflow to 'Diffuse', footwell temperature to +/- 0, and ensure A/C compressor is not 'Off' / Warmth comfort (heated armrests) / Air Balance Package:(perfume, filtration, ionization) AM & FM radio: Function of AM & FM radio/ seek/ autostore/ manual station selection; Good reception CD/DVD changer: Function of CD and DVD audio playback/ seek/ scan; Function of DVD video playback Sound & speakers: Function of volume/ balance/ fade/ bass/ treble/ mute (reset all to normal settings); Function of each speaker (using audio test CD) Satellite radio: Reception of sat. radio Traffic and Weather 184 station Voice control: Proper recognition/ response to voice commands Navigation: Function of map and route guidance (Enter dealer as destination and verify route guidance during test drive) NOTE: If vehicle has GARMIN MAP PILOT then DO NOT perform this until point of sale. voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery)	ОК		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date:	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date:	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed	ОК ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson*: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage: ;	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster;	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson*: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician:Date: Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected)	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson*: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected) Brakes: Visually inspect brake discs for corrosion and correct as necessary	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician:Date: Salesperson**:Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected) Brakes: Visually inspect brake discs for corrosion and correct as necessary Wipers: Install permanent windshield wipers	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician:Date: Salesperson**:Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected) Brakes: Visually inspect brake discs for corrosion and correct as necessary Wipers: Install permanent windshield wipers Floor mats: Remove carpet protection and install floor mats (non-AMG)	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician:Date: Salesperson**:Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected) Brakes: Visually inspect brake discs for corrosion and correct as necessary Wipers: Install permanent windshield wipers Floor mats: Remove carpet protection and install floor mats (non-AMG) Front license plate bracket: Install front license plate bracket if required by	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage: ; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected) Brakes: Visually inspect brake discs for corrosion and correct as necessary Wipers: Install permanent windshield wipers Floor mats: Remove carpet protection and install floor mats (non-AMG) Front license plate bracket: Install front license plate bracket if required by state law	OK ✓		
voice response system) Check no "SOS Not Activated" message in IC Print actual values of telematics registration data and attach to RO mbrace: Print registration data (MIN, MDN) and attach to RO SERVICE RECHECK (Must perform within 3 days of delivery) Technician: Date: Salesperson**: Date: **Salesperson's signature required for spot deliveries Verify that all recall/service campaigns have been performed Main Battery: Switch on driving lamps for 60 seconds, then perform battery test through instrument cluster; Battery Voltage:; If voltage is below 12.4 V perform Midtronics Test and attach printed results to RO; Recharge/replace as directed Tire pressure: Check pressure and correct as necessary (reset tire pressure monitor if tire pressure corrected) Brakes: Visually inspect brake discs for corrosion and correct as necessary Wipers: Install permanent windshield wipers Floor mats: Remove carpet protection and install floor mats (non-AMG) Front license plate bracket: Install front license plate bracket if required by	OK ✓		

*Due to the high voltage systems and components contained in the hybrid

*Due to the high voltage systems and components contained in the hybrid and the possibility of personal injury, only authorized/certified personnel should perform the PDI on the hybrid vehicle.
²⁾ CAUTION! MBUSA High Voltage Awareness e-learning course TECH717 training must be completed prior to performing inspection on Magic Sky. Due to the high voltage components contained in the Magic Sky roof system and the possibility of personal injury, only authorized / certified personnel should perform the PDI.
