General Information

Important Note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

What's New

All-new model

Models

AMGEQEV4 (295.153)

- MSRP: \$106,900
- Engine: Two permanently agitated synchronous motors (PSM)
- Power: 617 hp; 677 hp for limited periods of time w/ RACE START
- Torque: 701 lb-ft; 738 for limited periods of time w/ RACE START
- Launch Date: Dec. 2, 2022

Standard Equipment

AMGEQEV4

Performance & Handling

- AMG-Specific Dual Permanently Excited Synchronous Electric Motors
- Max Torque: 701 lb-ft; RACE START mode Boost Function up to 738 lb-ft
- AMG Track Pace MBUX App
- AMG Performance 4MATIC+ Variable All-Wheel Drive
- 3.6-Degree Rear Axle Steering
- AMG DYNAMIC SELECT
- Adjustable Regenerative Braking with Steering Wheel Paddles
- AMG Performance Steering Wheel w/ AMG DRIVE UNIT Steering Wheel Buttons
- Max Output of 617 hp; RACE START mode Boost Function up to 677 hp
- Acceleration from 0-60 mph in 3.2 seconds (est) in RACE START mode
- 90.6 kWh High Voltage Battery
- AMG RIDE CONTROL+ air suspension w/ adaptive, electronically controlled adjustable damping
- 20" Wheels
- AMG SOUND EXPERIENCE
- AMG DYNAMIC PLUS Package

Comfort & Convenience

- MBUX Multimedia System with 12.8" OLED Portrait Display & 12.3" Driver Display (PAI)
- 64-Color Ambient Lighting
- Garage Door Opener
- MBUX Profile Authentication via Fingerprint Scanner & Facial Recognition
- Wireless Smartphone Integration (Apple CarPlay & Android Auto)
- Heated Front Seats
- Complementary Maintenance for 2 Years / 20,000 Miles
- 1 Emergency Use Home Charging Cable
- KEYLESS-GO Comfort Package with Seamless Door Handles and Hands-Free Access
- Power Tilt/Sliding Panorama Roof
- Power Front Seats with Contour Ambient Lighting
- 2-Zone Automatic Climate Control with Pre-Entry Climate Control
- Front Wireless Smartphone Charger
- SiriusXM Satellite Radio
- Heated Steering Wheel
- Burmester Surround-Sound System w/ 15 Speakers and 710 Watts of System Output

Safety & Security

- Driver Assistance Package
- Parking Package with Surround View System and PARKTRONIC
- GUARD 360 Vehicle Protection Plus
- Interior and Driver's Side Automatically Dimming Mirrors
- Active Highbeam Assist
- Exterior Acoustic Pedestrian Protection
- Power Folding Exterior Mirrors with Logo Projection
- TIREFIT Tire Sealing Compound
- DIGITAL LIGHT LED Headlamps
- PRE-SAFE System with PRE-SAFE Impulse Side

Drivetrain and Battery

Drive Configuration	Fully variable AMG Performance 4MATIC+ all-wheel drive
Battery Size	90.6 kWh Lithium-Ion Battery
Suspension	AMG RIDE CONTROL+ suspension with adaptive adjustable damping
Number of High-Voltage Modules	TBA
Battery Cell Type	TBA
AC Charging Capacity (240V)	TBA
AC Charging Time (240V)	TBA
DC Fast Charging Capacity	TBA
DC Fast Charging Time	TBA

Motor

Engine	Two permanently agitated synchronous motors (PSM)
Power	617 hp; 677 hp for limited periods of time w/ RACE START
Torque	701 lb-ft; 738 for limited periods of time w/ RACE START

Performance

Acceleration 0-60 mph	3.2 seconds (est.)
Top Speed	149 mph

Range

EPA-Certified Range	225
----------------------------	-----

Exterior Dimensions

Vehicle Length	196.9"
Vehicle Width	75.0"
Total Width (Incl. Mirrors)	82.8"
Height	58.8"
Wheelbase	122.8"
Turning Circle Diameter w/ 3.6 Degree Rear Axle Steering (wall-to-wall)	40.7'
Track Width Front	64.9"
Track Width Rear	63.4"
Curb Weight	5,534 lbs.

Interior Dimensions

Cargo Capacity Behind Rear Seat	TBA
Front Seat Head Room	40.1"
Front Shoulder Room	55.9"
Driver's Leg Room	41.7"
Rear Seat Headroom	38.0"
Rear Seat Shoulder Room	55.9"
Rear Seat Leg Room	38.2"

Options In Detail

High-Performance Electric Powertrain

The AMG EQE is equipped with AMG-specific electric motors on the front and rear axles, which combine to deliver perfectly balanced driving performance. The operating strategy of the drive components and fully variable 4MATIC+ all-wheel drive system make power available where it is needed at all times and enable consistently high performance.

A particularly powerful electric motor is fitted at the rear axle, and features a total of six phases due to two windings with three phases each. High motor speeds and high performance set standards, especially during acceleration and at top speed, thanks to optimised windings, stronger currents and a new control via inverter with specially developed software.

To ensure the power is transferred to the road as efficiently as possible, the AMG Performance 4MATIC+ system checks and, if necessary, adjusts torque distribution 160 times per second.

The AMG EQE makes use of a high power density lithium-ion battery with a usable energy content of 90.6 kWh. The battery features a modular design with ten modules containing a total of 360 cells. Optimum operating temperature of the battery is ensured by liquid cooling - at low temperatures battery heating ensures that the best performance and efficiency range is maintained, and when temperatures increase the vehicle's refrigerant circuit helps to cool the battery. The battery pack makes use of a highly resilient thermal concept that enables repeated acceleration manoeuvres with consistently high performance, among other things due to special cooling of the rotor and other Mercedes-AMG-specific cooling elements.

Standard-Equipped AMG Dynamic Plus Package

Equipped as standard, the AMG DYNAMIC PLUS Package brings maximum, AMG-typical motoring enjoyment to the electric drive of your Mercedes-AMG. It combines selected performance extras such as a noticeable boost for the RACE START and the thrilling AMG Sound Experience "Performance". This makes your driving experience even more emotional.

At the appropriate temperature and charge level, you can briefly increase the maximum power and torque for RACE START: Your Mercedes-AMG now sprints even faster from 0 to 60 mph. Shakers and loudspeakers in the vehicle underpin the irrepressible power of the electric motors even when stationary - and prepare you for the immense acceleration. AMG-specific graphics in the displays also visually underline the RACE START.

The AMG Driver's Package also increases the maximum top speed to 149 mph.
