

TO: All Mercedes-Benz Dealers	FROM: Adam Chamberlain, VP of Sales & Product Management
RE: Information – Model availability	DATE: Friday, August 13 <sup>th</sup> , 2021

**MY22 Model Availability**

Dear Mercedes-Benz Dealers:

MBAG has prioritized its focus to comply with various global, external and internal requirements, as well as several other factors, including but not limited to, challenges in the supply chain that have an impact on the product portfolio offered in the US market.

**Unfortunately, we must inform you that there are limitations to MBUSA's offerings of certain models for MY 22. As a result, orders and production scheduling for the affected models are suspended, effective immediately.**

This action applies to previously ordered MY22 GLE580, GLS580, GLS600 Maybach and AMG V8 models, and this will be updated and visible in Netstar no later than August 31, 2021.

The MY22 S580 and S580 Maybach are not affected.

Please also note, MBUSA has amended the DTEC table to exclude the below models.

MBUSA will convert all impacted models to variants that are available for ordering as MY22 no later than August 31, 2021. Once the conversion is completed, MBUSA will send out a confirmation NCU. The conversion will not impact the timeline for configuration changes.

A detailed list of the impacted V8 models follows below:

Affected Model	Affected Baumusters	Model Name
BR205 AMG	205.387	Mercedes-AMG C63 S Coupe
	205.487	Mercedes-AMG C63 S Cabriolet

	463.277	Mercedes-AMG G63

#### MY21 G-Class

MBUSA will continue to order MY21 G550 and G63 AMG until December 2021 production. Please recognize that this MY21 G Class volume will be the only volume of G Class until further notice.

We certainly understand the challenges these developments place upon your dealership and ultimately our customers. Please be assured that Mercedes-Benz AG is taking every opportunity to solve these challenges as soon as possible.
