Hello David,

My apologies, was not able to start, due vacation time and sick leave, half of stuff was not at work.

Will be done within a week and shipped via Express.

Sorry again, never do that

Regards

Alex

Alex,

Another week has passed without an update from you. All I need to know is if you are going to build this steering wheel or not. If you aren't please let me know and kindly return my steering wheel. The steering wheel you have is from my car and obviously it can't be driven without it.

Regards,

David Schmitz

Alex,

Any update on the Corvette steering wheel? Also, I sent you a message a week ago letting you know that I did not want the ZR1 logo on the bottom. Please give me an update because right now the car is not usable and this process is taking a lot longer than we originally discussed.

Best Regards,

David Schmitz

Alex,

Just wanted to touch base to see how you were doing on the Corvette steering wheel. Just let me know when you think it will be finished and I still need to get you paid as well.

Best Regards,

Alex,

You should have received my Corvette steering wheel yesterday. Just wanted to confirm you have it and also get an idea as to when you might have it complete and ready for return shipment.
