X156

Model Year 2019

**DRAFT** – all information is preliminary

Mercedes-Benz

The best or nothing.

## Important note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification. Images may show MY17.

## Headlamps

### **Halogen headlamps**

*Standard on GLA 250 & GLA 250 4MATIC*

- Halogen headlamps
- Taillamps featuring partial LED technology

### **LED headlamps (632)**

*Standard on AMG GLA 45 4MATIC*

*Optional on GLA 250 & GLA 250 4MATIC*

- The LED High Performance headlamps provide more safety at night thanks to a broad light distribution, a light color similar to daylight and low energy consumption
- In daytime, the clearly defined contours and high-quality detailing ensure an unmistakable front view.
- The LED technology used in the low-beam and main-beam headlamps, the road is illuminated better than with conventional halogen headlamps.
- The taillights also feature LED technology and create a visual highlight at the rear while improving visibility.
- Through the consistent use of LED technology, bulb changes are no longer required over the entire lifetime of the vehicle.
