General Information

Important Note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

Revision History

Date	Description
01/23/2024	AMG : Stand Alone option (401) Climatized Seats currently has limited availability and is only orderable icw 251 Upholstery
01/03/2024	MB-Tex Dashboard with Nappa Look (U34) continued required content for all builds until end of 2024.
12/08/2023	Rear Spoiler (D10) and Enhanced Ambient Lighting (894) are under constraint and cannot be ordered at this time.

08/03/2023	Initial publication of GLC43 SUV order guide
05/01/2023	MB-Tex Dashboard with Nappa Look (U34) required content for all builds until end of 2023.
05/01/2023	Enhanced Ambient Lighting (894) not available for ordering from May until December 2023. This will be replaced with Standard Ambient Light (891).
04/18/2023	Initial publication.

What's New

The new AMG GLC 43 SUV

More power, more equipment, and more driving pleasure: The new Mercedes-AMG GLC43 replaces its highly successful predecessor with a host of innovations. The AMG M139I 2.0-liter four-cylinder engine with electric exhaust gas turbocharger produces 416 hp and has an additional boost of 13 hp via the belt-driven starter-generator at lower engine speeds. The standard rear-axle steering, AMG Performance 4MATIC permanent all-wheel drive with rear-biased torque distribution, AMG SPEEDSHIFT® MCT 9G transmission with wet start-off clutch and AMG RIDE CONTROL suspension with Adaptive Damping System also contribute to the dynamic driving experience.

Models

GLC43W4 (254.687)

- MSRP: TBD
- Transmission: AMG SPEEDSHIFT® MCT 9-Speed Transmission
- Transmission Speeds: 9
- Acceleration: 4.7
- Engine Configuration: Handcrafted AMG 2.0L Inline-4 Turbo Engine w/ Hybrid Assist
- Power (hp): 416 hp (ICE), 13 hp (RSG)
- Torque (lb-ft): 369 lb-ft
- Launch Date: Q1 2024

Standard Equipment

GLC43W4

Performance & Handling

- Handcrafted AMG 2.0L Inline-4 Turbo Engine w/ Hybrid Assist
- AMG Performance 4MATIC All-Wheel Drive
- AMG DYNAMIC SELECT
- Rear-Axle Steering
- AMG Real Performance Sound
- AMG SPEEDSHIFT® MCT 9-Speed Transmission
- ECO Start/Stop System
- AMG RIDE CONTROL Suspension w/ Adaptive Damping
- AMG Performance Steering Wheel w/ AMG DRIVE UNIT
- AMG High Performance Braking System w/ Silver Calipers

Comfort & Convenience

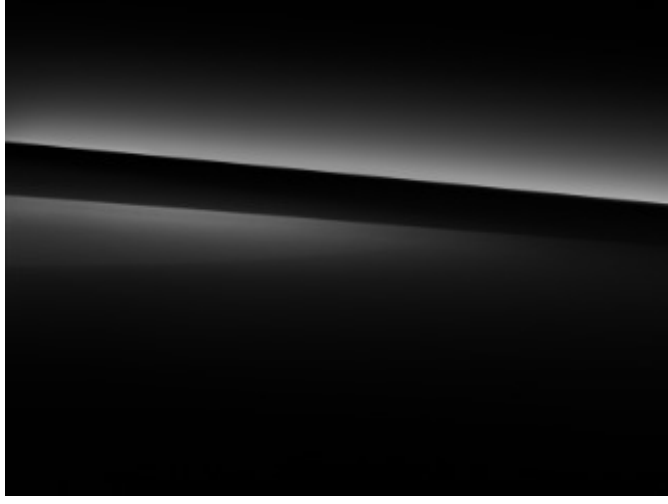

- MBUX Intelligent Vehicle Assistant (“Hey Mercedes”)
- 12.3" Digital Instrument Cluster
- KEYLESS-START
- Power Liftgate
- Three USB-C Ports
- Steering Wheel Shift Paddles
- Frontbass® Audio System
- Power Windows with Express Up and Down
- Garage Door Opener
- Auto-Dimming Rearview Mirror
- Wireless Apple Carplay
- Ambient Lighting
- Inductive Wireless Charging
- SiriusXM Satellite Radio
- AMG Illuminated Door Sills
- Heated Steering Wheel
- 11.9" Center Touchscreen Display
- Power Heated Front Seats with Seat Memory and Lumbar Support
- KEYLESS-GO w/ HANDS FREE ACCESS
- Bluetooth® Technology (for Handsfree Phone Use/Audio Streaming)
- Dual-Zone Automatic Climate Control
- Power Tilt & Telescoping Steering Column
- Electronic Cruise Control
- Storage Package
- Rain Sensing Wipers w/ Heated Windscreen Washer System
- Split-Folding Rear Seats (40/20/40)
- Wireless Android Auto
- Fingerprint Scanner
- Mirror Logo Projector
- Nappa-look Dashboard
- Panorama Roof

Safety & Security

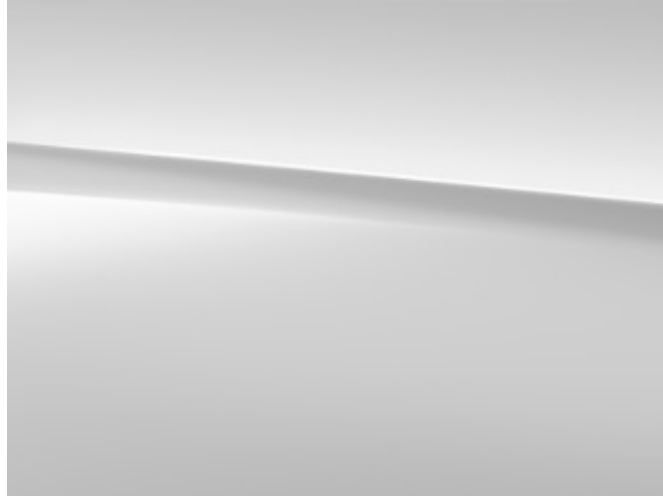

- New Vehicle 4 Year/50,000 Mile Warranty
- Blind Spot Assist
- PRE-SAFE® w/ PRE-SAFE Sound
- 3-point Seat Belt with Pretensioners & Dual-Stage Belt Force Limiter
- Front and Rear Side Window Airbags
- Driver Kneebag
- ATTENTION ASSIST Driver Drowsiness Monitor
- Rear View Camera
- Adaptive Highbeam Assist
- 24h Roadside Assistance Program
- LED Headlamps and Taillamps
- Active Brake Assist
- Front Dual-Stage Airbags
- Front Side Airbags
- ISOFIX Anchor and Tether System
- Tire Pressure Monitoring System
- PARKTRONIC w/ Active Parking Assist
- Guard 360 Monitoring

Options In Detail

Mercedes-Benz User Experience (Standard)

Extended MBUX Functions:

Say "Hey Mercedes", and your MBUX system awaits your commands. Personal profiles, predictive functions and a WiFi hotspot completely redefine the term digital networking

Many forms of interaction and personalization:

- The new GLC now includes the latest generation of MBUX (NTG 7)
- Standard 11.9" Touchscreen Media display in portrait format as a visual highlight
- Up to seven different profiles are possible in the vehicle.
- Alongside entry to the Mercedes me PIN, new biometric and interconnected authentication functions ensure a high level of security. These are fingerprint (standard), and voice recognition (standard).
- New convenience functions include prepositioning of the driver's seat and outside mirrors according to body size
- The voice assistant "Hey Mercedes" listens even more carefully, and understands the occupants even better: "Hey Mercedes" can also be controlled from the passenger seat. Several microphones help to tell the system which seat the voice is coming from.
- "Hey Mercedes" explains functions. The activation keyword "Hey Mercedes" is no longer necessary for certain applications. An incoming call can be taken direct with "Accept call", for example
- The appearance of the screens can be individualized with a choice of display styles
- Key functions such as the lights or windscreen wipers can still be operated directly. The climate control panel is permanently at the lower edge of the display

Wireless Smartphone Integration - Apple Carplay, Android Auto (Standard)

Features:

- Smartphone Integration connects the mobile phone with the multimedia system wirelessly via Apple CarPlay™ or Android Auto™. This gives you convenient access to the most important apps on your smartphone.

DIGITAL Light - PAX (in DX2)

Features:

- HD system with projection module (more than 1 million pixels per headlamp), which uses data from the camera, sensors and the navigation system to calculate the brightness value for each individual pixel in near real time
- Background module MULTIBEAM LED
- DIGITAL LIGHT projection functions, depending on local approval regulations
 - Projection function for lines (30U), for example as guide lines in roadworks
 - Projection function for symbols (42U), e.g. as a direction symbol for lane correction when departing from the lane
 - Projection function for animations (43U), light shows when opening and closing the vehicle
- Ultra Wide Highbeam with maximum headlamp range close to the maximum legally permitted
- DIGITAL LIGHT projection functions, depending on local approval regulations, currently available with partial scopes in the USA

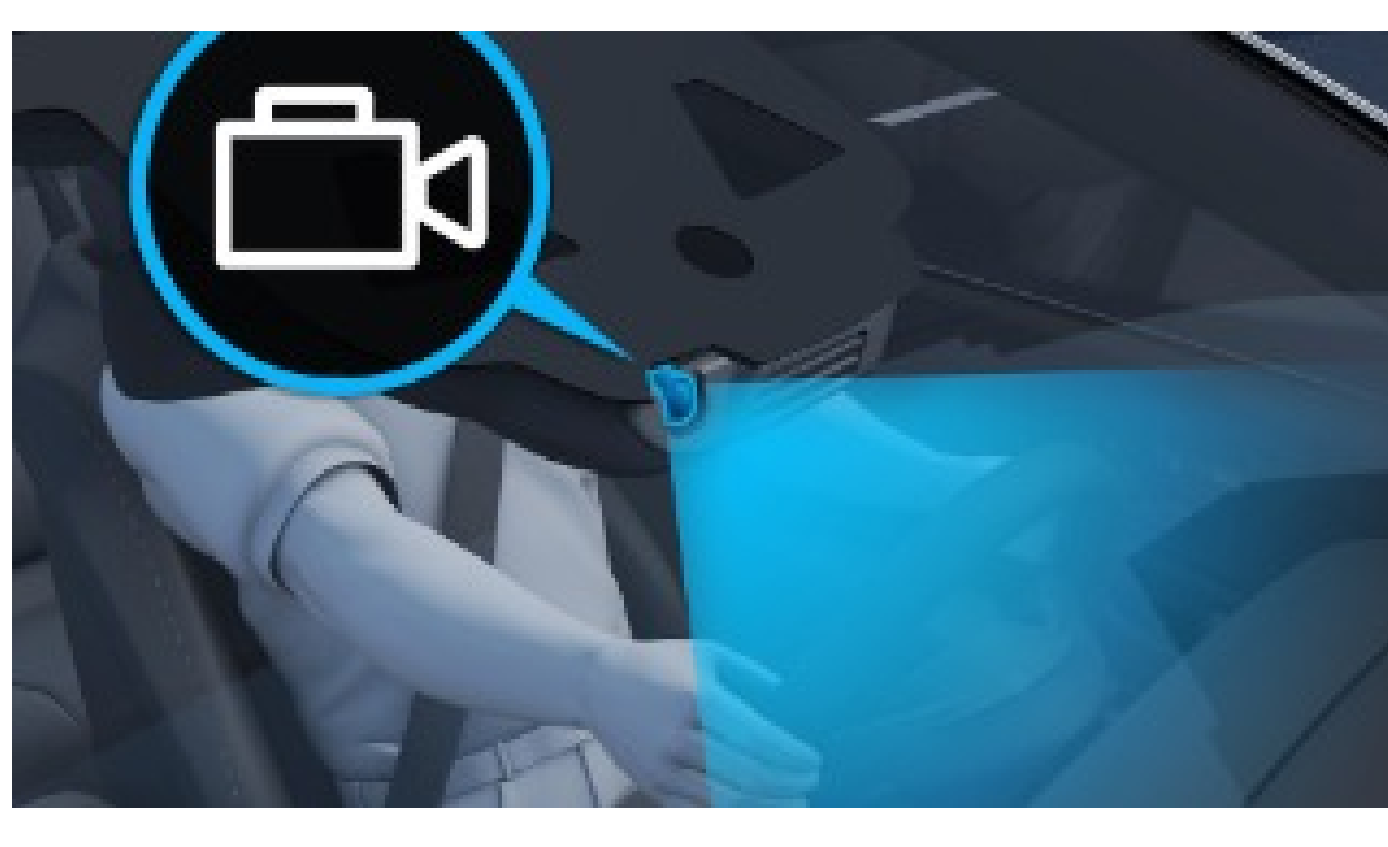

Burmester® 3D Surround Sounds System w/ Sounds Personalization & Music Streaming (Included in DX2)

Features:

- 15 high-performance speakers tuned to match the vehicle interior and each with its own amplifier channel
- DSP amplifier with a total output of 710 watts (2 x 120 watts, 7 x 50 watts, 6 x 20 watts) - Increase of 120 watts compared to the previous generation Burmester Surround Sound system.
- 2 broadband speakers in the front area for 3D sound
- Frontbass technology with subwoofers integrated into the body shell
- Sound optimisation for the front, rear or all seats
- 2 sound presets: two built-in sound presets of the 3D surround sound system, you can change the listening experience with a single touch of a button. For completely unadulterated music enjoyment without any additional effects, you can activate the "Pure" style. In "3D-Sound" mode you can also enjoy virtual surround sound with all audio signals.
- Equalizer function for setting the bass, midrange and treble frequencies
- Noise compensation (VNC)
- The design of the speakers also features metal covers, with Burmester® lettering on the speakers
- Sound Personalization (32U) - A tailor-made listening experience: with the personalization of the sound system you can easily achieve your perfect sound setup. A setup assistant with innovative algorithms identifies your music preferences together with you and sets the Burmester® sound system to match your requirements. It stores the result in your personal profile.

Dashcam - 21U (Optional - Requires DX2)

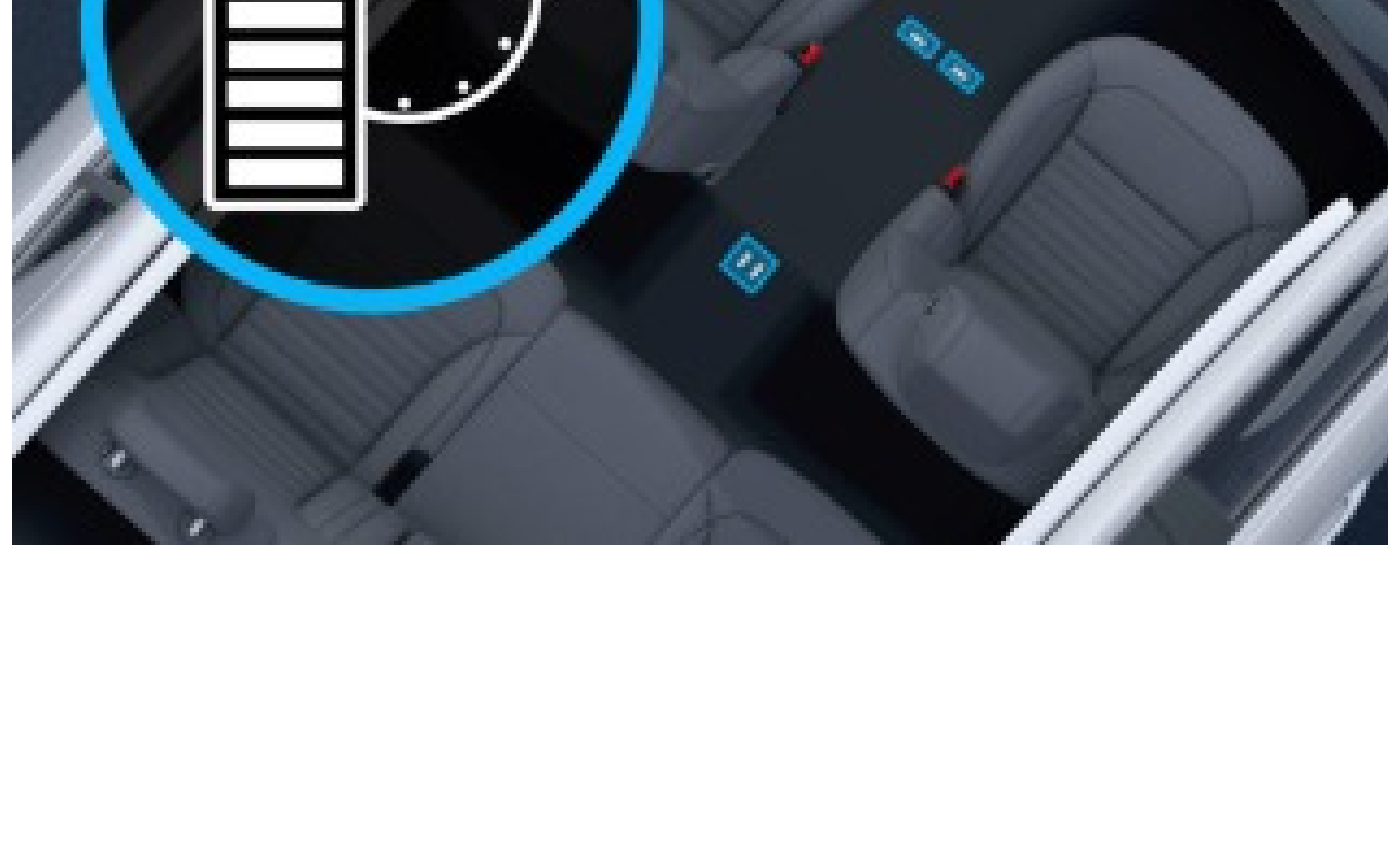

The dashcam films and saves what's happening on the road in front of your vehicle - and also records the time and speed. This can help you document the sequence of events in an accident, for example, and provide you with supporting evidence if necessary. Or you can use the dashcam to record landscapes and routes to create your own automotive travel diary.

Components:

- Camera in the windshield
- Recording of videos with a resolution of 1280 x 720 pixels (720p) and a frame rate of 30 Hz
- Additional storage of speed and time embedded in the video signal
- Control menu in the media display
- Footage stored via USB stick using the Media Interface
- Video material can be viewed on a computer or the media display (only possible when vehicle is stationary) - for this the storage media must first be removed from the interface and reconnected

Advanced USB Package - 72B (Optional)

Features:

- Two USB-C ports in the centre console, with fast-charging capability and suitable for data transfer
- Two USB-C ports under the front centre armrest, with fast-charging capability and suitable for data transfer
- Two USB-C ports for the rear on the centre armrest, with fast-charging capability
- Two 12 V sockets, one in the front, one in the rear
- With this package, all 6 USB ports are capable of USB Power Delivery (100W)

Note: The standard USB (75B) offering includes:

- One USB-C port in the center console, suitable for data transfer
- Two USB-C ports under the front centre armrest, suitable for data transfer
- One 12 V socket in the front
- Maximum power for all 3 USB ports is 15W

Driver Assistance Package (DA2) - Requires MB Navigation (PBG) or Pinnacle Trim (DX2)

Features:

- The Driver Assistance Package features Level 2 automated driving. State-of-the-art driving assistance systems support the driver according to the situation in terms of speed adjustment, steering, lane changes and the risk of collision. The risk of assistance is reduced - passengers and other road users are effectively protected.
- Drivers are afforded a great degree of relief in monotonous traffic during lengthy trips, for example, and in bumper-to-bumper driving or traffic jams as well as before curves, roundabouts, T-junctions and the end of traffic jams, etc.
- The fusion of different radar, ultrasound and camera sensors, map and navigation data, and live traffic information gives the customer more functionality compared to standard/individual functions.
- **The Driver Assistance Package Includes:**
 - Active Distance Assist DISTRONIC
 - Active Speed Limit Assist with response to changing speed limits
 - Active Stop-and-Go Assist
 - Extended automatic restarting
 - Route-based speed adaptation
 - Active Steering Assist
 - Active Lane Change Assist
 - Active Emergency Stop Assist
 - Evasive Steering Assist
 - Active Blind Spot Assist with exit warning
 - Active Brake Assist with turning and cross-traffic function
 - End-of-Traffic Emergency Braking
 - PRE-SAFE® PLUS
 - PRE-SAFE® Impulse Side

Transparent Hood

When the off-road mode is active, the central display shows a virtual view under the front of the vehicle, including the front wheels and their steering position. The view is composed of the images from the 360-degree camera. There are two views: under the vehicle and looking ahead. At speeds up to 5 mph the "transparent hood", i.e. the view under the vehicle, is shown. From 5 to 12 mph the system shows the view ahead. The camera image is switched off at higher speeds.

AMG Night Package

With the AMG Night Package, selected exterior elements are finished in high-gloss black. This results in either strong contrasts or flowing transitions, depending on the selected paint color. Whether exciting highlights or a sense of superior reserve, in both cases you are demonstrating your sense of individual, dynamic design.

Components

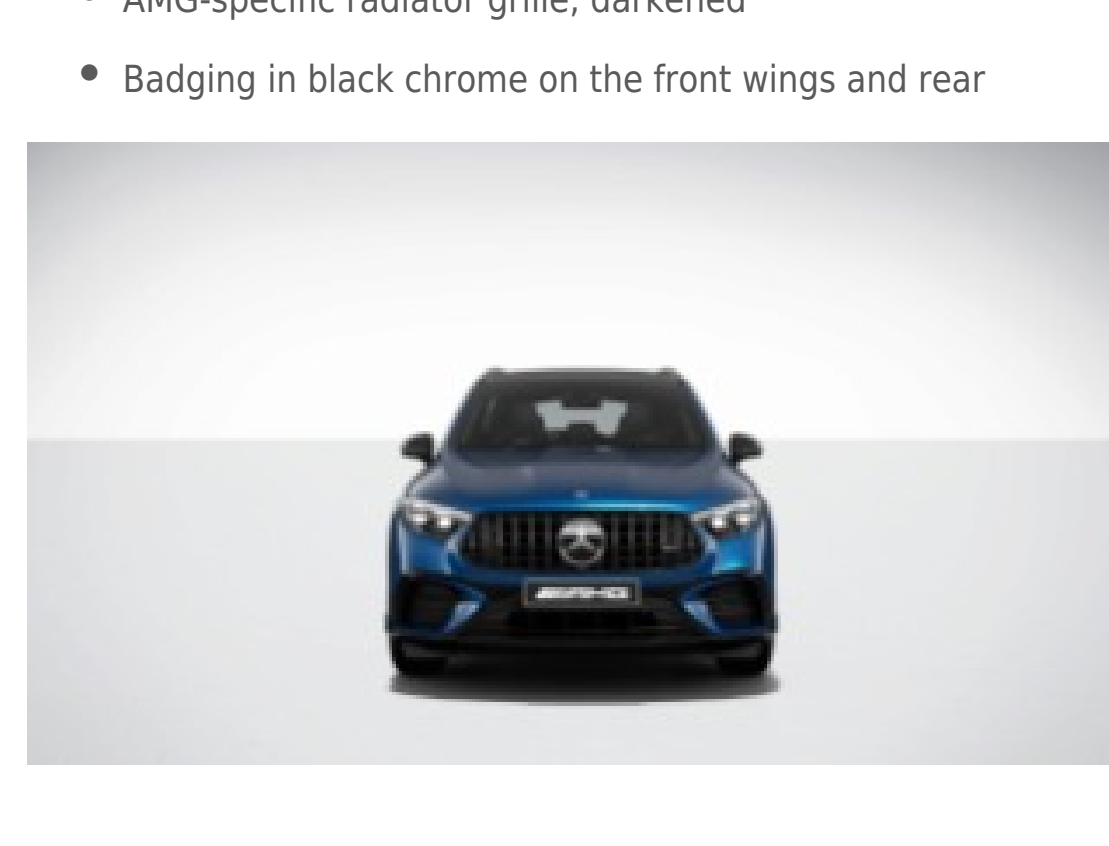

- Exterior features in high-gloss black:
 - Underguard on the AMG front apron
 - Exterior mirror housing, painted
 - Outside mirror housing, painted
 - Inserts in the AMG side sill panels
 - Waistline trim strip and window weatherstrips
 - Trim strip in the rear bumper
- Roof rails in black

AMG Night Package Plus

The AMG Night Package Plus is ideal for individualists who appreciate high-class design details. Additional elements in black chrome and the radiator grille in black chrome transform your Mercedes-AMG model into a real eye-catcher.

Components

- AMG-specific radiator grille, darkened
- Badging in black chrome on the front wings and rear

AMG DYNAMIC PLUS Package

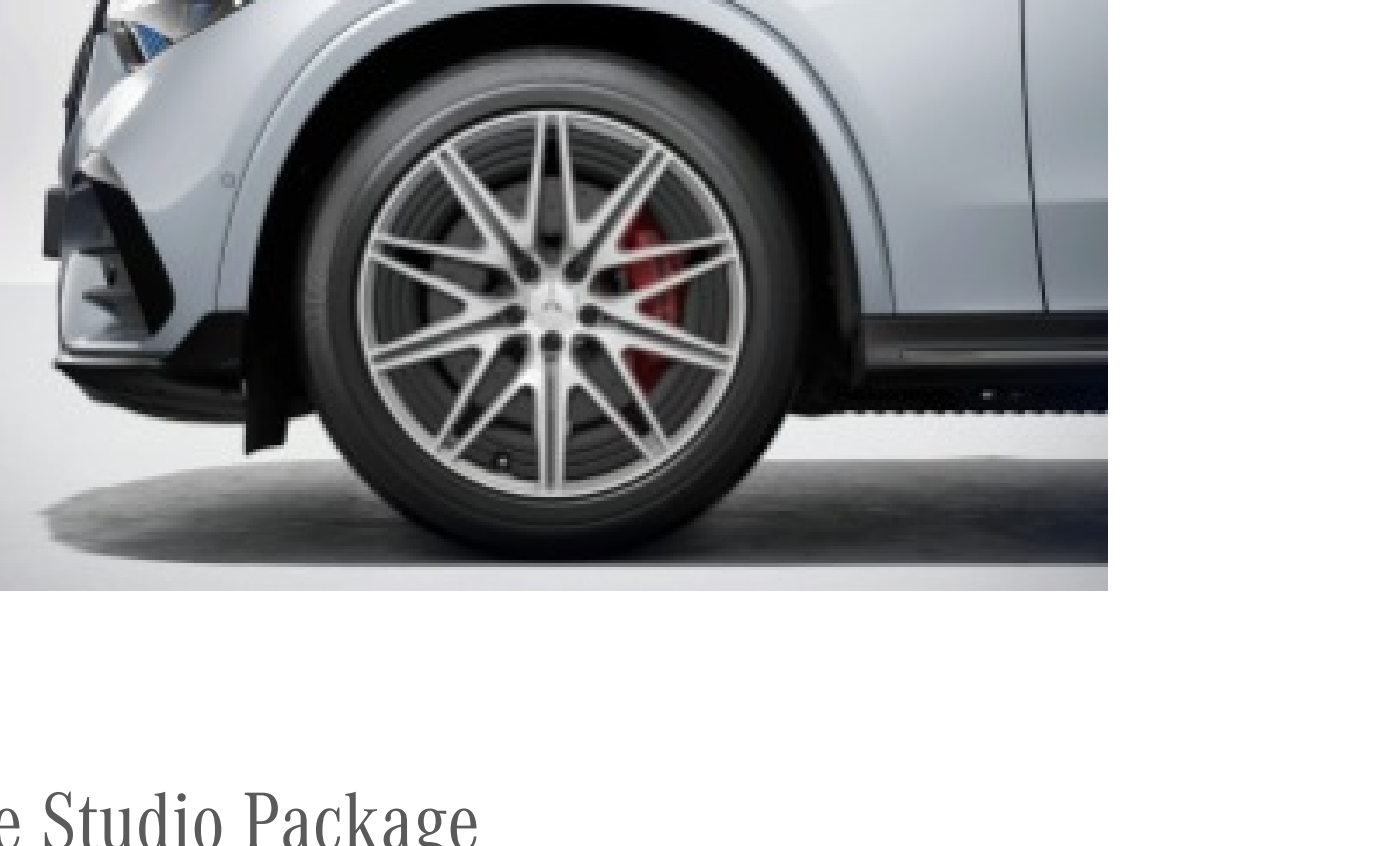

With the AMG DYNAMIC PLUS package, you can be sure of a noticeable and visible plus in sportiness. Selected high-performance components effectively enhance the car's dynamic character. The result is a driving experience reminiscent of motorsport.

The dynamic AMG engine mounts solve the conflict of aims between an engine mounting which is as soft as possible for high comfort and one which is hard for superior driving dynamics. They ensure the best possible connection of the engine to the body in every driving situation. The "RACE" driving program offers track-ready driving with maximum sportiness.

In the interior, an AMG Performance steering wheel of your choice rounds off the package with sporty elegance, giving you a firm grip on the potential of your vehicle. Thanks to the AMG steering wheel buttons, you can operate the dynamic driving functions as quickly and unerringly as an experienced racing driver.

Components

- AMG DYNAMIC SELECT "RACE" drive program
- AMG dynamic engine mounts
- AMG Performance Steering Wheels in Nappa/Microfiber (L6K) or Microfiber/Carbon Fiber (L6H) optionally available only with this package
- Red-painted brake callipers with black AMG lettering

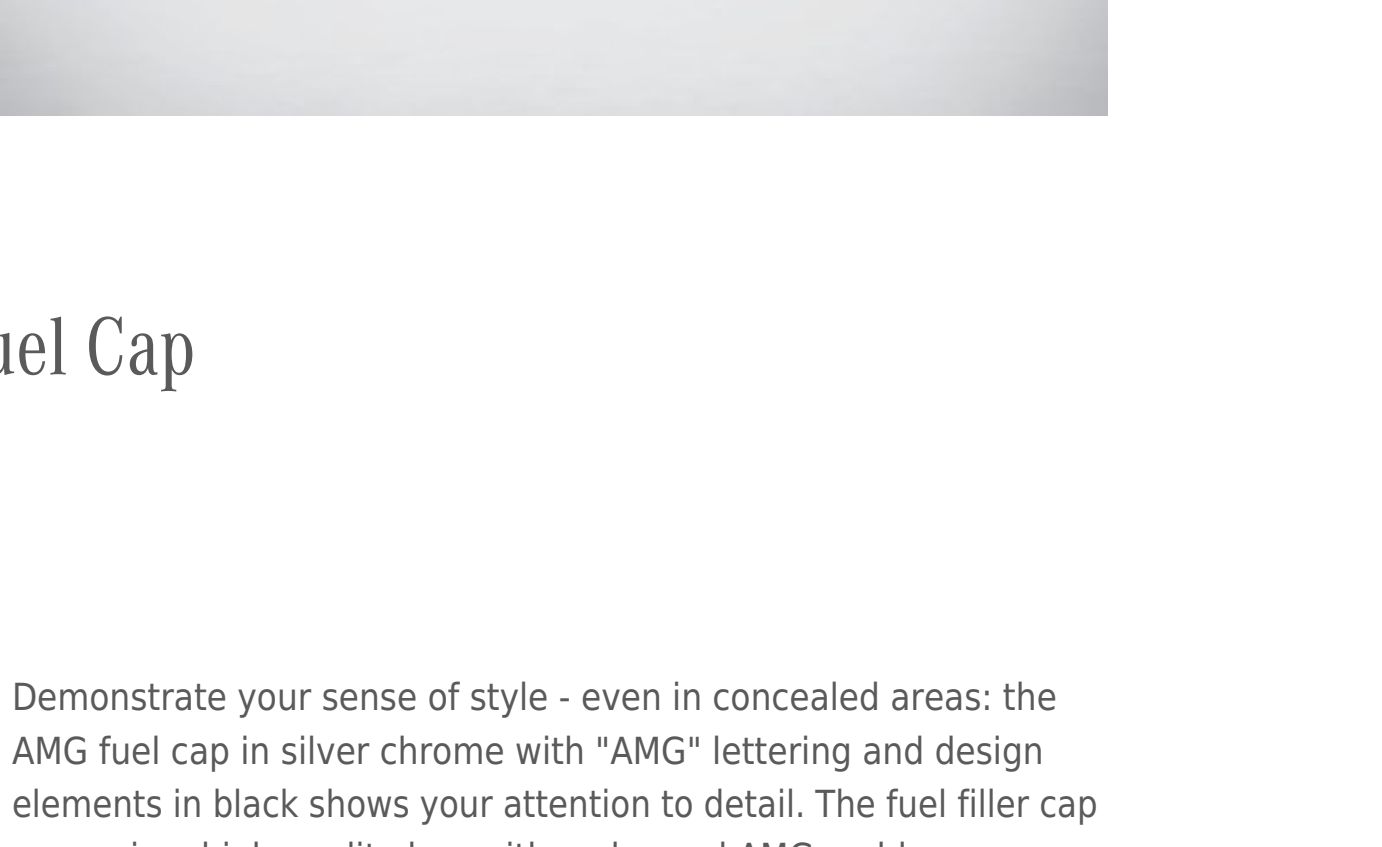

AMG Performance Studio Package

Emphasise the sportiness of your Mercedes-AMG with further striking elements in high-gloss black. In conjunction with the numerous, dark details of the AMG Night Package, these result in an overall image that is as equally impressive as it is expressive.

Components

- Decorative trim in the front spoiler of the AMG front apron
- AMG rear apron with short diffuser panel in high-gloss black, adopted from the Mercedes-AMG GLC 63 S E PERFORMANCE
- AMG rear apron with diffuser panel in high-gloss black, adopted from the Mercedes-AMG C 63 S E PERFORMANCE
- Flaps in the side air outlets of the AMG rear apron in high-gloss black

AMG Fuel Cap

Demonstrate your sense of style - even in concealed areas: the AMG fuel cap in silver chrome with "AMG" lettering and design elements in black shows your attention to detail. The fuel filler cap comes in a high-quality box with embossed AMG emblem. Assembly is easy: do it yourself or contact your dealer.
