

LEGAL NOTICE OF CERTIFICATION OF MERCEDES-BENZ BLUETEC CLASS ACTION

The Nature of the Lawsuit

On April 5, 2016, Koskie Minsky LLP and Lenczner Slaght Royce Smith Griffin LLP commenced an action on behalf of the Representative Plaintiff, Yogesh Kalra, in the Ontario Superior Court of Justice against Mercedes-Benz Canada Inc., Daimler AG, Mercedes-Benz USA LLC and Mercedes-Benz Financial Services Canada Corporation (collectively, the "**Defendants**")

The lawsuit alleges Mercedes-Benz BlueTEC diesel vehicles contain a defect or a 'defeat device' that turns off the emission control system. The lawsuit alleges that the Defendants misrepresented the nature of the Vehicles to purchasers. The Defendants intend to defend against them.

The action was brought on behalf of a class consisting of all persons in Canada who own, owned, lease or leased a Mercedes-Benz BlueTEC vehicle.

By order of the Honourable Justice Belobaba dated June 29, 2017, the action was certified as a class proceeding and Yogesh Kalra appointed as representative plaintiff for the class.

The Court has not taken a position as to the likelihood of recovery for the representative plaintiff or the Class, or with respect to the merits of the claims or defences asserted by either side.
