Any unauthorized modification to this device could void the user's authority to operate the equipment.

The Product label with FCC ID and IC certification number can be found in the battery case of the SmartKey.

Important notes on the use of KEYLESS-GO

- The KEYLESS-GO key can be used like a conventional key.
- You can combine KEYLESS-GO functions with those of a conventional key, e.g. unlock with KEYLESS-GO and lock with the 🔒 button.
- Always carry your KEYLESS-GO key on your person.
- Do not keep the KEYLESS-GO key together with:
  - electronic devices, e.g. a mobile phone or another key
  - metallic objects, e.g. coins or metal foil.

  This can affect the functionality of KEYLESS-GO.
- When locking and unlocking using KEYLESS-GO, the distance between the SmartKey and the corresponding door handle must not exceed 3 ft (1 m).
- If the KEYLESS-GO key is removed from the vehicle, it is possible that the system may not recognize the SmartKey. The vehicle can then not be locked or started using KEYLESS-GO.
- If the KEYLESS-GO key has been removed from the vehicle, e.g. if a passenger leaves the vehicle with a KEYLESS-GO key:

P80-51-2509-31

▶ **To unlock the vehicle:** touch the inner surface of the door handle.

▶ **To lock the vehicle:** touch sensor surface ①.

▶ **Convenience closing feature:** touch recessed sensor surface ② for an extended period (▷ page 87).

If you pull on the handle of the tailgate, only the cargo compartment of the vehicle is unlocked.

Changing the settings of the locking system

You can change the setting of the locking system in such a way that only the driver's door and the fuel filler flap are unlocked. This is useful if you frequently travel on your own.

▶ **To change the setting:** press and hold down the 🔓 and 🔒 buttons simultaneously for approximately six seconds until the battery check lamp (▷ page 76) flashes twice.

ℹ If the setting of the locking system is changed within the signal range of the vehicle, pressing the 🔒 or 🔓 button locks or unlocks the vehicle.

The SmartKey now functions as follows:

▶ **To unlock the driver's door:** press the 🔓 button once.

▶ **To unlock centrally:** press the 🔓 button twice.

▶ **To lock centrally:** press the 🔒 button.
