RE: 319 Lighting Package for M-Class	DATE: November 4, 2011

Important: 319 Lighting Package Availability for M-Class

We have been informed that there will be limited availability for the 319 Lighting Package on the M-Class for January through March production. As a result, we have had to delete the 319 package on all P2 and P3 orders for the ML350BTC and ML350W4. For the moment this package remains on all P1 orders for the ML350BTC and ML350W4. Dealers will be contacted by their Retail Distribution Liaison regarding the P1 orders for the ML350BTC and ML350W4 to see if they wish to keep the 319 Lighting Package on the order. Please keep in mind that doing so will result in delaying the order to March or later.

It is our intention to keep the 319 package on all ML550 orders. It is standard on the ML63.
