* Between 05/01/12 and 12/31/12, the average estimated savings off the Manufacturer's Suggested Retail Price ("MSRP") presented to members by Certified Dealers based on member new vehicle configurations in states that present a USAA Estimated Price was \$3,127. Your actual savings may vary based on multiple factors including the vehicle you select, region, dealer, and applicable manufacturer incentives. The MSRP is determined by the manufacturer, and may not reflect the price at which vehicles are generally sold in the dealer's trade area as not all vehicles are sold at MSRP. Each dealer sets its own pricing. Your actual purchase price is negotiated between you and the dealer.

**If, within 4 days after purchasing a new vehicle through the USAA Car Buying Service, you find a lower price for the same vehicle with identical features and options, you will receive a refund for the difference as provided in the Low Price Guarantee Terms and Conditions. The Low Price Guarantee from USAA is void where prohibited by law, and is not available in TX. See the [Low Price Guarantee Terms and Conditions](#) for complete details on the Low Price Guarantee from USAA.
