E 60

1997 Mercedes-Benz
E60 RS

RENNTech

This one-of-a-kind custom vehicle began as a 1997 E-420W Sport, finished in Glacier White with black leather interior. The Sport Package included side skirts and a rear apron with front and rear air dams. Side PODS, 17" Monoblock wheels, and heated front seats. E5 value package, 6 disc CD player. E4 Value added package, multi contour seats left and right, head lamp washing system, and xenon head lamps.

The car was transformed entirely by RENNTech and completed in April 1999. The E60RS conversion transforms the car into a masterpiece.

The powertrain now includes: -A 6 liter engine developing 420HP and 472ft lbs of torque -A reprogrammed engine management system -High volume carbon fiber twin air intake assembly with K&N filters -Oil cooler kit -Full stainless steel exhaust -Torsen Gleason limited slip differential with a performance gear ratio of 3.06:1 -A specially modified five-speed transmission sends the power to the wheels

The suspension and brakes have also been upgraded in order to maintain overall performance. Stopping power is now handled by RENNTech/Alcon 14" rotors with 4 piston calipers in the front and 12" RENNTech/Alcon rotors in the rear. Gripping the pavement are a set of Pirelli P Zero tires 245/40/18 in the front and 275/35/18 in the rear. The rubber is mounted on 18" two-piece O.Z. F1 racing wheels, 18"x8.5" fronts and 18"x10" rears. The car's handling is superior. At low or high speeds the ride quality is strictly Mercedes-Benz.

The suspension features: -RENNTech specification lowering kit -Rear subframe modification (greatly improves high-speed performance) -Rear lower wishbone camber adjusters -Front and rear performance swaybars.

The body and interior of the car received a makeover as well. -Wide body (flared) fenders -Full RENNTech E class body kit (Xenon fog lamps in air dam) -Stylish understated leather interior modification -Ergonomic burled walnut and black leather sport steering wheel -200mph RENNTech backlit white face gauges -RENNTech custom floor mats -Two complete K40 Radar systems (each has radar jamming and laser defusing)

Private Owner - Total Mileage: 16K - 2K since conversion.
