

### Bluetooth Features

- ▶ Supports up to 5 paired phones - Up to 4,000 records (1,000 contacts with up to 4 numbers per contact. Other limits may exist in factory radio)
- ▶ Hang-up, answer calls, and adjust volume through steering wheel and radio mounted controls.
- ▶ Dial through factory radio keypad (if equipped)
- ▶ Multi-Party conference call support (phone and vehicle dependent)
- ▶ Phonebook browsing and dialling through factory radio.
- ▶ Access to Missed, Answered and Dialed call lists.

The mObridge MOST Bluetooth Interface is the most advanced after-market Bluetooth Interface available for many MOST-Bus vehicles. It allows the use of the vehicle's factory controls and display unit to control and browse the functions of your mobile phone. By utilizing Parrot Bluetooth Technology, mObridge offers Best-In-Class telephone support with approximately 1,000 supported devices.
