The journey of a lifetime begins

We are delighted that you are thinking about buying a new Mercedes-Benz. To help you with your decision, this price list shows the costs involved as well as the standard and optional equipment available for this model.

It also outlines the options with which you can create your dream Mercedes, including Retailer-fit accessories and exclusive *designo* colours and upholstery.

In addition, you'll find details of the services and benefits that are as much part of owning a Mercedes-Benz as exceptional safety or outstanding comfort and performance.

These include extensive warranties, pan-European breakdown cover, tailored financing and fixed-cost Service Contracts.

For information about all our vehicles and services, just visit your nearest Mercedes-Benz showroom. Our staff will be happy to discuss your requirements and explain everything you need to know.

You can also pick up detailed brochures to read at your leisure. Alternatively, you can find out more about Mercedes-Benz by visiting www.mercedes-benz.co.uk or calling 0808 156 6606.

designo

As individual as you are

With *designo*, it takes just a few carefully chosen ingredients to turn your Mercedes-Benz into an individual work of art. The combination of our extensive range, your personal tastes and the naturally varying appearance of our materials makes every *designo* creation a true one-off.

Featuring exclusive colours and exquisite materials, the *designo* options for your Mercedes-Benz include fine wood trim, sumptuous leather and Alcantara upholstery. Used alone, they add eye-catching highlights to your Mercedes-Benz. Combined, they give it a truly individual look.

Please contact your Retailer for more information.

Road Fund Licence

As of 1 March 2001, all new vehicle registrations are subject to a new type of Vehicle Excise Duty (Road Fund Licence). This varies in accordance with the vehicle fuel type and CO₂ emissions. The table below shows the bands (A–G) created by the DVLA and the corresponding Road Fund Licence as of 22 March 2007. These may reduce the on-the-road price on page 5 which reflects the highest band rate. Please refer to page 43 to identify the CO₂ emissions level for the engine and transmission of your choice and adjust the on-the-road price accordingly.

Band	CO₂ emissions	All engines (£)
A	up to 100 g/km	0.00
B	101 to 120 g/km	35.00
C	121 to 150 g/km	115.00

Services and benefits

Warranty and breakdown cover

Every Mercedes-Benz comes with a 3-year unlimited mileage warranty against manufacturing or material defects.¹ What's more, it's also covered by MobiloLife – a unique package comprising 30-year pan-European breakdown assistance and 30-year warranty against perforation due to corrosion from the inside out.¹

Service Contracts

For even greater peace of mind, there are our Mercedes-Benz Service Contracts: Mercedes Service (service only) and Mercedes Service Plus (service, maintenance and repair). They provide a simple system of risk-free fixed monthly payments and are designed to make servicing as economical and convenient as possible. Leaving you free to enjoy yourself. Call in to your local Retailer to find out more about our Service Contracts.

Factory collection

As an alternative to delivery via your local Retailer, you can choose to collect your Mercedes-Benz from one of our Customer Collection Centres in Germany. There you can go on a tour of the plant before taking possession of your new car and driving it home in person. It's a truly memorable way to start the ownership experience. There is no extra cost for factory collection over standard delivery. If you are interested in this option, please ask your Retailer for further information.

Finance and insurance by Mercedes-Benz

Can I have a finance package designed with the same attention to detail as my Mercedes-Benz?

At Mercedes-Benz, second best has never been good enough. That's precisely why you will find a dedicated Business Manager at each of our dealerships. Our goal is to ensure you enjoy nothing less than first class service throughout.

As the first point of contact in the purchasing process, your Business Manager will discuss your requirements face to face, establishing your needs and making sure that you are fully aware of your options. When offering insurance products your Business Manager adheres to the strict guidelines of the Financial Services Authority, so you can confidently choose a solution that suits your circumstances and protects you and your car from any surprises.

Can I have a finance package structured around my specific needs?

Contract Purchase is currently our most popular option for private buyers. This guarantees you the future residual value, so you never have to think twice about depreciation.

Hire Purchase. The traditional way to purchase a new Mercedes-Benz. Simply match your payments to your budget and at the end of your contract you own your Mercedes.

Operating Lease offers exceptional value, making it the first choice for business users. But, of course, there are other attractive Mercedes-Benz Finance options, each with its own distinct advantage.

Can I have 5-Star motor insurance too?

When you drive the very best, it makes sense to choose insurance to match. Created exclusively with Mercedes-Benz drivers in mind, our tailor made policy has been given the highest Defaqto Star Rating, and provides assistance and cover to give you confidence. After all, why settle for second best?
