

Your personal S-Class with designo.

The S-Class has always been a synonym for technical innovation and outstanding capability which is also evident in its special high-class appeal. This appeal is increased even further when designo is added to the picture: a designo paint finish, the interior equipment and appointments in designo aniline leather or the even softer and thicker designo natural leather, with stone and wood trim parts specially designed to match, make your S-Class into a very individualised vehicle. A wood/leather steering wheel and the Alcantara roof lining complete the image of refined ambience.
