Dual 7" monitors behind each front head restraint can play separate DVDs or attach external devices via USB and SD card slots. They can also play the same movie on both screens. Two pairs of wireless headsets and a wireless remote are included, to maximize passenger enjoyment while minimizing driver distraction.

Media Interface Plus. This plug-and-play multimedia upgrade to the COMAND system further expands your entertainment choices. It enables Bluetooth® audio streaming, and integrates with the car's audio controls and in-dash display. You can also listen to the Pandora® app that's on your iPhone®, or watch videos from your iPod® when the vehicle is parked.¹⁸ And with your compatible mobile phone, it offers easy phonebook transfer to the COMAND system, and phone charging via a mini-USB connection. It can also read SMS and email messages aloud and display them on in-dash screen. You can even respond with various predefined messages that you choose by voice command—to help you keep your hands on the wheel, and your focus on the road.
