with code 536 (SIRIUS satellite radio)
- Model 292**

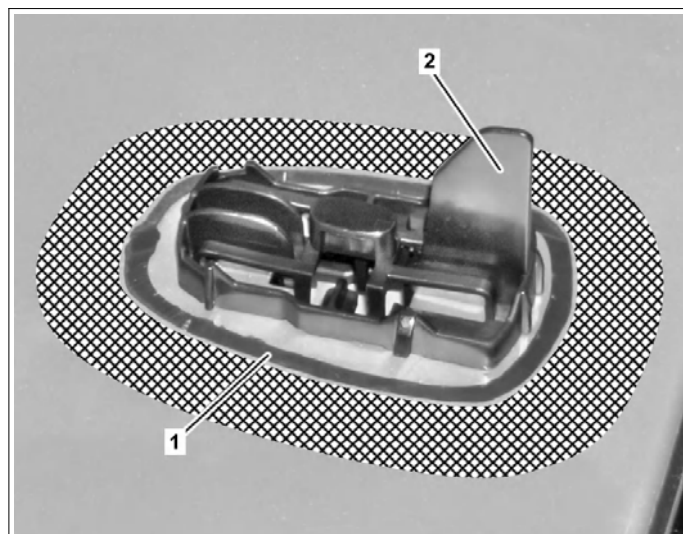

Repair materials

Number	Designation	Order number
BR00.45-Z-1012-07A	Primer stick	A 000 986 27 50
BR00.45-Z-1135-02A	Repair kit for installing windshields, 1-component adhesive	A 221 670 81 01

⚠ In the event of damage, the bonding area on the body may only be repaired by using a primer stick, and it must be absolutely free of dust and grease. Otherwise, paint adhesion problems may arise during adhesive bonding.

- 1 Cut back any adhesive residue on the body using a suitable scraping tool, and remove any loose adhesive material.

⚠ Carefully cut back adhesive residue. Otherwise the paint can be damaged.
- 2 Clean bonding area (1) at body with the cleaning cloth included in the repair kit and then wipe again using a dry cloth.
- 3 Touch up paint damage in bonding area (1) with primer stick.
