

**BENEFITS:**

- ▶ Online access to vehicle location
- ▶ Access to historical information displaying vehicle trips
- ▶ Increased driver behavior awareness
- ▶ Access using the Mobile Application and a compatible smartphone

**REQUIREMENTS:**

- ▶ Vehicle equipped with mbrace2™
- ▶ Active Subscriber agreement with mbrace® PLUS
- ▶ Vehicle Cellular coverage
- ▶ Mobile Application if using smartphone for access

**UNIQUE FEATURES:**

- ▶ Customers can personalize their Driving Journal with pictures and nicknames
- ▶ Interactive online map display

## Service Description:

Driving Journal gives the customer online access to vehicle location and a journal of past vehicle trips. On the mbrace® website, the customer can view a day-by-day snapshot of all routes the vehicle has traveled. Driving Journal also lets the customer personalize the experience by loading a profile picture and assigning a nickname.

Customers also have the ability to turn Driving Journal on or off and select a duration of 6 or 12 hours during which it will remain on. This can be set using the Mobile Application on their smartphone.

## How it works:

**STEP 1:** The customer logs in to the mbrace website and selects ONLINE TOOLS.

**STEP 2:** The customer selects the LOCATION-BASED SERVICES button, which will open a new browser window.

**STEP 3:** To begin building the Driving Journal, the customer selects Driving Journal, and can select to activate the Driving Journal for 6 or 12 hours. (A message is sent to the vehicle, and on the next vehicle ignition, the customer will see a notification on the dashboard display that Driving Journal has been activated.)

**STEP 4:** The customer can then choose to view the vehicle's real-time location on the online map, or simply allow the vehicle to build its Driving Journal history automatically during trips.

**STEP 5:** After the 6 or 12 hour period, the vehicle's Driving Journal session stops recording vehicle location, and the information is stored for the customer to review online.

**STEP 6:** When the customer revisits the website, they can view the trip history; hide Driving Journal results or also have the option to turn Driving Journal back on.
