

Mercedes-Benz S-Class Sedan

V222

Model Year 2018

Preliminary – Subject to Change

Mercedes-Benz
The best or nothing.

Important note

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models.

Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

Options in Detail

Specifications

S 450 (222.166)

- MSRP TBA
- 3.0L V6 biturbo engine
- 362 hp
- Torque 369 lb-ft
- Launch date: 08/2017

S 450 4MATIC (222.164)

- MSRP TBA
- 3.0L V6 biturbo engine
- 362 hp
- Torque 369 lb-ft
- Launch date: 08/2017

S 560 (222.183)

- MSRP TBA
- 4.0L V8 biturbo engine
- 463 hp
- Torque 516 lb-ft
- Launch date: 11/2017

S 560 4MATIC (222.186)

- MSRP TBA
- 4.0L V8 biturbo engine
- 463 hp
- Torque 516 lb-ft
- Launch date: 08/2017

Standard Equipment

- V12 grille standard across all models (double lamella in grille)
- New design front and rear bumper
- Intelligent Light System with ULTRA RANGE highbeam headlamps
- Smartphone Integration
- Ambient Lighting in 64 Colors
- Lane tracking package (Blind Spot Assist and Lane Keeping Assist)
- CD Drive Pre Wiring in glove box
- LED taillights with crystal look
- COMAND NTG 5.5 new generation
- New generation steering wheels with touch buttons
- Wireless Charging front
- ENERGIZING COMFORT control
- **Omission of DVD changer (no longer global offering)**

Optional Equipment

- MAGIC BODY CONTROL with CURVE tilting function
- Changes in rim portfolio
- Heated steering wheel standalone
- Large extension of Driver Assistance Systems (e.g. route-based speed adaptation)
- Rear Seat Entertainment and Comfort Adapter

Trims

- *designo* Natural Grain Black Ash Wood (n/a with 445)
- *designo* Natural Grain Brown Ash Wood (n/a with 445)
- Burl Walnut Light trim

Upholstery

- Magma Grey & Espresso Brown (will delete beltbag in 325)
- Mahogany & Silk Beige (will delete beltbag in 325)
- *designo* Silk Beige & Deep Sea Blue Semi-Aniline leather

Headlamps

LED Intelligent Light System with ULTRA WIDE BEAM headlamps (P35)

- advanced LED headlamps and Ultra Wide Beam high beams
- Ultra Wide Beam produce light at an increased width for maximum illumination of the road and surround area
- clear improvement of the already great lighting performance of the LED Intelligent Light System
- Adaptive Highbeam Assist is also part of the LED Intelligent Light System and allows drivers to drive with activated main beams without dazzling other road users

Steering Wheel

3-spoke Nappa Leather Steering Wheel (L2B)

- Newly redesigned with Touch Control Buttons to control the entire multimedia system
- Active Distance Assist DISTRONIC or standard cruise control is controlled via steering wheel-mounted controls
- Leather and Leather & Wood Steering Wheels with 3-spoke design available

Ambient lighting with 64 colors and 3 color zones

Ambient lighting with 64 colors and 3 color zones (891)

- The ambient lighting in 64 colors gives the light a uniquely diverse style and showcases the interior like a work of art
- Three different zones from bottom to top: footwell (zone 1), trim level (zone 2) and Widescreen Cockpit (zone 3)
- Every display style of the Widescreen Cockpit is oriented towards a matching color scheme: "Glacier Blue" for Classic, "Red Moon" for Sport, "Down Blue" for Progressive
- Eight color schemes consist of two colors respectively – the Widescreen Cockpit and the footwell are in the same color, and the trim level forms a contrast. In "dynamic mode", this color distribution changes
- Two additional color schemes each contain five colors – which slowly interchange ("dynamic mode") and thus ensure that the color constantly changes
- Special emotively appealing effects: A Coming Home visualization welcomes the driver, and the climate control indicates in color via the ambient lighting whether a warmer or colder temperature is being set
- Just as variably adjustable is the brightness of the LEDs, with five levels and four zones: Widescreen Cockpit, area of the front seats, rear plus complete dimming zone
- The ambient lighting is incorporated in the ENERGIZING comfort control programs

Driver Assistance Systems

Driver Assistance Package (997)

Option price: \$2,250

- **Active Distance Assist DISTRONIC®** is able to follow a vehicle in front at a pre-selected distance at wider range of speeds
- **Active Steering Assist** functions at a wider range of speeds and can now actively intervene even if road lines are unclear or non-existent at certain speeds; can now function in curves with a tighter radius
- **Active Emergency Stop Assist** brakes the vehicle to a standstill in its lane if it detects that the driver is no longer actively driving the vehicle while it is on the move with Active Distance Assist DISTRONIC and Active Steering Assist engaged. Can now unlock the doors when the vehicle is stationary to allow first aid responders immediate access to the vehicle's interior. With available mbrace® Secure, the system simultaneously makes an emergency call
- **Active Lane Change Assist** is a radar-and-camera-based system that aids the driver when changing lanes. When a turn is indicated, this feature will aid with steering into the adjacent lane if it detects the lane is empty
- **Active Speed Limit Assist** can adapt vehicle speed to identified speed limits and can now adjust preemptively when speed limits are going to change
- **Route-Based Speed Adaptation** the vehicle is now able to reduce the speed in anticipatory mode by referencing the COMAND map data ahead of bends, junctions, roundabouts, toll booths and exit roads.
- **Active Brake Assist with Cross-Traffic Function**
- **Evasive Steering Assist** this system assists by adding calculated steering torque to aid in steering wheel movement when a driver deliberately or instinctively performs an evasive maneuver around a pedestrian
- **Active Blind Spot Assist** is active at a wider range of speeds and informs the driver to help avoid an imminent side impact by single-sided braking
- **Active Lane Keeping Assist** is active now at a wider range of speeds

ENERGIZING Comfort Control

ENERGIZING Comfort Control (P72)

Requires AIR-BALANCE package (P21), Ambient lighting (891), Active Multicontour Seat package (432)

- ENERGIZING Comfort is a world-first entering series production to enhance the physical comfort and performance both while driving and during breaks
- It systematically uses the functions of the climate control system (including fragrancing) and the seats (heater, ventilation, massage), the console heating as well as lighting and musical atmospheres, and enables a specific wellness set-up tailored to the mood and need of the driver
- The following six Energizing Comfort programs can be selected: Freshness, Warmth, Vitality, Joy, Comfort, Training (three trainings – muscle relaxation, muscle activation and balance - each with several exercises)
- Each program runs for ten minutes and are visualized on the headunit with color graphics, and backed by suitable music
- Five songs are already stored in the program and if personal music selections are available, for example via the Media Interface, the system analyzes them in the background and assigns them to a program based on the beats per minute (bpm)
- ENERGIZING Comfort also incorporates ambient lighting, which is harmoniously tailored to each of the individual screen designs

New Design of Front and Rear Bumper – Standard Version

AMG Line Exterior (321)

Performance & Handling

- 9G-TRONIC 9-speed automatic transmission*
- AIRMATIC Air Suspension
- ECO Start/Stop System

Comfort & Convenience

- Air Balance Package
- Ambient Lighting in 64 colors
- Burmester® Surround Sound System
- COMAND System NTG 5.5
- Smartphone Integration
- Front heated seats
- Power-folding mirrors
- Dual-Zone automatic climate control
- Power rear-window sunshade
- Leather Upholstery (Nappa Leather Upholstery on S 560/S 560 4M)
- Panorama Roof
- Power Front Seats with Memory
- Wireless Charging front
- KEYLESS Start
- ENERGIZING COMFORT control
- Electronic trunk closing
- Illuminated door sills
- Voice control system

Safety & Security

- MULTIBEAM LED with ULTRA RANGE Highbeam headlamps
- Auto-dimming Mirrors
- COLLISION PREVENTION ASSIST PLUS
- MAGIC VISION CONTROL
- Rearview Camera
- Lane Tracking Package (Blind Spot Assist and Lane Keeping Assist)

3-spoke Nappa Leather Steering Wheel (L2B)

Standard

- Black
- 3-spoke design
- Perforated in the grip area
- Touch Control buttons

3-spoke Wood & Leather Steering Wheel (L2D)

Standard with 443 Heated Steering Wheel or 445 Warmth & Comfort Pkg

Not with designo Natural Grain Brown Ash wood (H28), designo Natural Grain Black Ash wood (H27)

- 3-spoke design
- Touch Control buttons

Rear Seat Package

MY 2017

Rear Seat Package (325)

Magma Grey/Espresso Brown (518 & 818) and Mahogany/Silk Beige (524) delete Outboard Rear Seatbelt Airbags (306)

Requires Warmth and Comfort Package (445) or both Power Rear Seats/Rear Memory Seats (223/276)

- 582 - Four Zone Climate Control
 - 2 additional climate zones for the rear seats
 - Control panel on the rear of the center console
 - Temperature and air distribution individually adjustable for the left and right side in the rear
 - Also controllable by the driver via COMAND
- 452 - Electrically Adjustable Right-Rear Footrest and Passenger Seat Additional Forward Movement
 - Front passenger seat can be electrically moved further forward by up to 3 inches into the chauffeur position
 - Enlarges the rear footwell on the front passenger side for a more comfortable resting position
- 306 - Outboard Rear Seatbelt Airbags
- 305 - Rear PRESAFE Belt Buckles
- 898 - Wireless Charging Rear

Executive Rear Seat Package

MY 2017

Executive Rear Seat Package (397)

Requires Premium Package (P01), Rear Seat Package (325), Warmth and Comfort Package (445), Rear Seat Entertainment (864)

- 406 - Multicontour Outboard Rears Seats (drive dynamic with massage)
 - Multicontour rear outer seats with ENERGIZING massage function and dynamic function
 - Side bolsters are adjusted by an air chamber in each seat
 - Massage function using 14 air chambers in the backrest
 - Massage heating panels in the spinal area
- 435 - Executive Right Rear Seat with Power Calf Rest
 - Allows a comfortable reclining position thanks to backrest adjustment by up to 43.5 degrees in combination with an extending leg support
 - Continuous, comfortable reclining surface in conjunction with the electrically extending footrest, for a restful sleeping position
 - Cushionbag for improved occupant protection when the seat backrest is heavily reclined

Executive Rear Seat Package Plus

MY 2017

Executive Rear Seat Package Plus (399)

Requires Premium Package (P01), Rear Seat Package (325), Executive Rear Seat Package (397), Warmth and Comfort Package (445), Rear Seat Entertainment (864)

- 224 - Four-place Seating (Two seats in rear with heated & cooled cupholder)
 - Business console including temperature-controlled cup holders
 - Pleasant travelling and working conditions in the rear
 - Connection of electrical devices such as laptops via 12 V sockets
- 449 - Two Folding Tables for Rear Seats
 - Folding tables are integrated into the stowage compartment in the business
 - Can be easily folded out manually once the armrest has been opened

MAGIC BODY CONTROL

MAGIC BODY CONTROL with CURVE tilting function (487)

Not available with 4MATIC

- Anticipatory suspension oriented towards driving dynamics and combining active damping of the suspension with continuously adjustable dampers and ROAD SURFACE SCAN
- With the aid of a stereo camera, ROAD SURFACE SCAN enables the damping to be promptly adjusted to the highway ahead, and the load on the wheel to be increased or reduced via the active hydraulics
- The curve inclination function enables the body of the vehicle to lean inwards by up to 2.65 degrees on bends
- Significant reduction in perceived lateral forces while increasing driving pleasure, especially on country roads
- Drive programs for a comfortable or more sportily taut configuration/activation of the curve inclination function
- Constant vehicle level irrespective of the payload thanks to hydraulic all-round self-levelling
- Suspension level can be raised for poor surfaces and is automatically lowered at high speeds
- Significant improve in comfort with CURVE tilting function and sportiness at the same time
- With CURVE tilting function the chassis leans toward the curve center in a speed range between 10 and 85 mph

Burmester® high-end 3D surround sound system

Burmester® high-end 3D surround sound system (811)

- 26 high-performance speakers for music reproduction perfectly matched to the interior of the vehicle
- 28-channel DSP amplifier with a total output of 1190 watts
- Frontbass technology with woofers integrated into the body shell for vibrant bass reproduction
- Active subwoofer in the trunk for impressive reproduction of even the lowest tones
- VIP seat function to optimize the sound for individual seats
- Five high-quality sound presets for an enhanced listening experience: Pure, Easy Listening, Live, Surround, 3D Surround
- 3D surround sound for a new dimension in music reproduction
- Mechanically retractable tweeters in the front door for outstanding sound, with ambient lighting in freely selectable colors

Air Balance Package

Air Balance Package

Standard on all Models

- Individual fragrancing of the interior with six different fragrances
- Fragrance generator in the glove compartment, changeable by exchanging the fragrance flask
- Discreet fragrance of adjustable intensity
- No permanent change in the interior smell or deposition of fragrance molecules on clothing
- Oxygen ionization for improving air quality and reducing viruses, bacteria or spores
- The AIR-BALANCE package comes automatically with a fragrance. Further fragrances are available as accessories via Mercedes-Benz Accessories.

MAGIC SKY CONTROL

MAGIC SKY CONTROL (398)

- Consisting of a fixed panoramic roof at the rear and an electrically operated sliding glass section on external rails at the front
- Glass transparency can be selected via a button in the overhead control panel: change from dark to transparent and vice versa within just a few seconds
- The transparency of the two sections of the roof can be changed independently for each section.
- When the glass is transparent: clear view of the sky and a particularly light, friendly atmosphere
- When the glass is dark: effective means of reducing heating of the interior
- When the vehicle is parked it is very difficult for prying eyes to see inside the vehicle interior

Technical Details

Several films are sandwiched between the panoramic roof's two glass sheets. Between these films is an emulsion containing particles that align themselves with the electric field when an AC voltage is applied. When the voltage is switched off, the particles arrange themselves randomly and prevent most of the light from passing through. The glass remains dark. When an AC voltage of 120V is applied, the particles align themselves in the electrical field and allow the light to pass through the glass. The glass becomes transparent.

MAGIC VISION CONTROL

MAGIC VISION CONTROL

Standard on all Models

- Highly efficient windscreen washer system
- Washer fluid is sprayed directly in front of the wiper blade
- Improves the driver's visibility during the wiping process
- Lower consumption of washer fluid
- Automatically adapts the quantity of washer fluid to the prevailing conditions
- Reduced quantity of washer fluid if the panoramic sliding sunroof is open
- Heated washer fluid reservoir, hoses and wiper blades
- Windscreen can be cleaned more easily at low temperatures

Rear Seat Entertainment and Comfort Adapter (866)

Rear Seat Entertainment and Comfort Adapter (866)

Option price: \$tba

The new code 866 is a slot in the backrest of the front driver and passenger seats with a plug-in adapter. Several rear seat entertainment and comfort accessories work in conjunction with this adapter. Accessories must be purchased separately.

Specifications

Interior Upholstery

S 63 (222.188)

- MSRP \$XX,XXX
- Handcrafted Mercedes-AMG 4.0L V8 biturbo Engine
- Horsepower 603 hp
- Torque 664 lb-ft
- 3.4 sec (0-60 mph)
- Launch date: 08/2017

S 65 (222.179)

- MSRP \$XX,XXX
- Handcrafted Mercedes-AMG 6.0L V12 biturbo Engine
- Horsepower 621 hp
- Torque 738 lb-ft
- 4.2 sec (0-60 mph)
- Launch date: 11/2017

Standard Equipment

- Former V12-exclusive grille standard across all models (double lamella in grille)
- New Exterior design featuring AMG “Jet-Wing” motif
- Intelligent Light System with ULTRA WIDE RANGE highbeam headlamps
- Smartphone Integration including Apple CarPlay and Android Auto
- Ambient Lighting in 64 Colors
- Lane tracking package (Blind Spot Assist and Lane Keeping Assist)
- LED taillights with crystal look
- COMAND NTG 5.5 new generation
- New generation steering wheels with touch buttons
- NFC Wireless Charging front
- ENERGIZING COMFORT control
- Surround View System
- AMG SPEEDSHIFT® MCT 9-speed transmission (S 63 only)
- Handcrafted Mercedes-AMG 4.0L V8 Biturbo Engine (S 63 only)
- AMG Performance 4MATIC+ (S 63 only)
- RACE START (S 63 only)
- AMG Performance Exhaust (S 63 only)
- AMG DYNAMIC SELECT with 4-modes
- 3-stage ESP®
- New generation of AMG Performance Steering Wheel
- Instrument Cluster
- New Key Generation with Affalterbach Crest
- AMG Track Pace App with COMAND integration
- AMG Metal Emblem in trim element (S 65 only)
- **Omission of DVD changer (no longer global offering)**

Optional Equipment

- MAGIC BODY CONTROL with CURVE tilting function
- Changes in rim portfolio
- Large extension of Driver Assistance Systems (e.g. Route-based speed adaptation)

Trims

- *designo* Natural Grain Black Ash Wood
- *designo* Natural Grain Brown Ash Wood
- Lighter tone to Burl Walnut Trim

Upholstery

- Magma Grey & Espresso Brown
- Mahogany & Silk Beige
- *designo* Semi-Aniline Silk Beige & Deep Sea Blue

Mercedes-AMG S 63 - New Exterior Design

Mercedes-AMG S 65 - New Exterior Design

Handcrafted AMG 4.0L V8 biturbo engine (M177 E40DEH LA AMG)

Handcrafted AMG 4.0L V8 Biturbo engine (M177 E40DEH LA AMG)

Standard on S63

- **Aluminum crankcase** featuring a racing inspired closed-deck design
 - The area around the cylinders' coolant enclosure is closed off at the top and is only perforated by cooling channels
 - This makes the engine block more rigid and able to withstand greater loads
- **Forged, lightweight aluminum pistons** – high performance and low weight
- **Two Twin-scroll turbochargers** with separate exhaust channels
 - Positioned between the cylinder heads for faster response
 - Inspired by Formula 1
 - Keeps engine compact, improves turbo response and lowers emissions
 - Separate exhaust channels prevent turbos from having a negative impact on each other during load/directional changes, and enables faster spooling/buildup of turbo pressure
- **Variably Adjustable Inlet and Outlet Valves**
 - Filled with sodium
 - Light weight

AMG Performance 4MATIC+

AMG Performance 4MATIC+

Standard on S63 only

The performance-oriented all-wheel drive with fully variable torque distribution combines optimal traction, hallmark AMG driving dynamics, and the ultimate in driving enjoyment. It enhances driving safety and adhesion on wet or wintry road surfaces while at the same time allowing an emotional drifting experience. This is made possible by the fully variable torque distribution, offering the driver the benefits of all-wheel drive and rear-wheel drive in equal proportions.

An electronically controlled clutch provides for variable connection of the permanently-driven rear axle with the front axle. The ideal torque distribution is calculated continuously, according to the given driving situation and the driver's wishes. This enables a seamless transition from traction-oriented all-wheel drive to 100% rear-wheel drive. In addition to traction and transverse dynamics, the all-wheel drive also improves the longitudinal dynamics of the vehicle for even more dynamic acceleration.

- Combines the advantages of an all-wheel drive with those of a rear-wheel drive: optimum traction, hallmark AMG vehicle dynamics, and maximum driving pleasure
- Drift capability, as fully variable torque distribution means that 100% rear-wheel drive is possible
- Improved handling safety and road holding on wet or wintry road surfaces
- Improved longitudinal dynamics for even more aggressive acceleration
- The compact, lightweight design avoids any loss of space in the interior

AMG SPEEDSHIFT MCT 9-Speed Transmission

AMG SPEEDSHIFT MCT 9-Speed Transmission

Standard on S63 only

MCT stands for Multi-Clutch Transmission, whereby an innovative wet start-off clutch running in an oil bath replaces the conventional torque converter. Thanks to its low rotational inertia, the transmission responds instantaneously without the losses typical of a torque converter. This helps to reduce fuel consumption. A further merit of the MCT transmission is its low weight thanks to its magnesium housing.

Added driving pleasure, added safety – the double-clutching function

Ultra-fast, responsive, multiple downshifts are another forte of the AMG SPEEDSHIFT® MCT 9-speed transmission. The driver can change via kick down directly from 9th into 6th or from 5th into 2nd gear, for example. The automatic double-clutching function is active in drive programs "S", "S+", and "M". Each manual or automatic downshift is accompanied by a precisely metered blip on the throttle – with rising intensity from "S" through to "S+" and "M". This not only heightens the emotional appeal: downshifting minimizes the load cycles, which has a particularly positive effect when braking into corners and makes for improved handling safety on wet and slippery surfaces.

For a perfect start – the RACE START function

The RACE START function ensures optimal acceleration from a standing start. It can be activated when the vehicle is stationary in the AMG DYNAMIC SELECT drive programs "S" or "S+." To activate, the driver is required to hold down the brake pedal with their left foot while simultaneously flooring the accelerator pedal (kick down). The driver can then increase or lower the pulling-away engine speed as appropriate (from 2,000-4,000rpm), according to the prevailing road conditions. When the driver releases the brakes while continuing to floor the accelerator pedal, the vehicle accelerates with the best possible traction and fastest launch.

3-stage ESP®

3-stage ESP®

Standard on S63 only

The three-stage Electronic Stability Program (ESP®) at a glance:

Three separate control strategies for safety and driving pleasure, selectable using the ESP® button or through the AMG DYNAMIC SELECT system:

- "ESP® ON": ensures a high level of safety by adapting the system in line with the vehicle's sporty characteristics
- "ESP® SPORT HANDLING MODE": Allows higher drift angles prior to system intervention for a sporty driving style
- "ESP® OFF": System switched off for sporty driving style on dedicated racetracks

Added driving pleasure, combined with safety

This system provides safety and driving pleasure in equal measure. The ESP® button allows the driver to choose between three individual control strategies: "ESP ON", "ESP SPORT HANDLING MODE" and "ESP OFF". The currently activated mode is indicated in the AMG instrument cluster. With "ESP ON", if the vehicle's road holding starts to become unstable, the brakes are applied on one or more wheels and the engine torque is reduced. "ESP® SPORT HANDLING MODE" is activated as soon as the driver gives the ESP® button a single brief press. In this mode, over/understeer control as well as engine torque control allow more dynamic road holding and therefore corresponding drift angles. "ESP® OFF" is activated when the driver gives the ESP® button a long press. In this mode, in the interests of driving dynamics, the engine torque is no longer reduced. "ESP® OFF" should be used only by experienced drivers on dedicated racetracks.

ESP® Curve Dynamic Assist – more safety in bends

When the ESP sensors register a tendency to understeer on bends, this can be reduced by specific braking intervention at the inside wheels. This intervention leads to a slight yawing motion around the vehicle's vertical axis, counteracting the understeer. At the same time drive torque is increased slightly to the outside wheel to compensate and steer through the bend with precision.

Steering Wheel

3-spoke AMG Performance Nappa Leather Steering Wheel

- All-new generation of AMG Performance Steering wheel with new technical design
- Extremely contoured hand grips for exceptional control in performance driving
- Newly redesigned with Touch Control Buttons to control the entire COMAND system
- Active Distance Assist DISTRONIC (when equipped) or Cruise Control is controlled via steering wheel-mounted controls, replacing the previous stalk
- Available with Nappa Leather, Nappa & DINAMICA, or Wood & Nappa Leather for interior customization dependent on interior moods.

AMG Track Pace App for Apple iPhone®

Demonstrative screens in COMAND system

AMG Track Pace App for Apple iPhone® (256)

Standard on All Models

With the "AMG Track Pace" app, a smartphone can be turned into a personal racing engineer. This enables lap/sector times or even videos to be recorded and analyzed. Another attractive feature is the option to exchange data with other AMG drivers e.g. via social networks.

Overview of the AMG Track Pace app:

- Stores vehicle-specific data (e.g. speed, acceleration) as well as lap and sector times
- Video recordings via smartphone/GoPro are also possible
- Driving ability can be analyzed and improved in a targeted manner
- Connection via WLAN
- Exchange data with other AMG drivers via social networks such as Facebook (Share function) or the AMG Private Lounge

Performance & Handling

- 3-stage ESP® with Curve Dynamic Assist
- AMG High-Performance Compound Braking System
- New-generation AMG Performance Steering Wheel with Shift Paddles
- AMG Adaptive Sport Suspension
- AMG DYNAMIC SELECT with 4 modes
- AMG Track Pace App
- AMG-exclusive Sport Instrument Cluster Design
- AMG-specific multilink suspension geometry
- RACE START (S 63 Only)
- AMG Performance 4MATIC+ (S 63 Only)
- AMG Performance Exhaust System (S 63 only)
- AMG Sport Exhaust System (S 65 only)
- 20" Aluminum Alloy Wheels (S 63 only)
- 20" Forged Aluminum wheels (S 65 only)
- MAGIC BODY CONTROL with Road Surface Scan and Curve Tilting Function (S 65 Only)
- Carbon Fiber Engine Cover (S 65 Only)

Comfort & Convenience

- COMAND NTG 5.5
- MAGIC VISION CONTROL
- Ambient Lighting in 64-colors with Individual Zones
- Active Multicontour Front Seats
- IWC® Clock in Dashboard
- NFC Wireless Charging Front
- ENERGIZING COMFORT Function
- Smartphone Integration with Apple CarPlay and Android Auto
- Soft-close doors and electronic trunk closer
- Touch Control Buttons on steering wheel
- Panorama Roof
- New generation SmartKey with Affalterbach Crest
- DINAMICA Headliner (S 63 Only)
- Nappa Leather Headliner (S 65 Only)
- AMG Metal Emblem in trim element (S 65 Only)
- Burmester® High-End 3D Surround Sound System (S 65 Only)

Safety & Security

- Lane Tracking Package (Blind Spot Assist & Lane Keep Assist)
- Surround View System
- COLLISION PREVENTION ASSIST PLUS
- Intelligent Light System with ULTRA WIDE RANGE highbeams
- ATTENTION ASSIST
- PARKTRONIC with Advanced Parking Assist
- mbrace® with trail period by Verizon Telematics
- LED Taillights with crystal look
- Surround View System (S 65 Only)
- Night View Assist PLUS (S 65 Only)

Steering Wheels

AMG Performance Steering Wheel – Nappa Leather (L6J)

- Black
- 3-spoke design
- Heavily embossed in the grip area
- flattened bottom section
- Touch Control buttons

AMG Performance Steering Wheel – Nappa Leather (L6J)

- Beige
- 3-spoke design
- Heavily embossed in the grip area
- flattened bottom section
- Touch Control buttons

AMG Performance Steering Wheel – Nappa Leather & DINAMICA (L6K)

Not with Interiors 868, 855, 962, 965, 975, 588, 564, 565

- Black
- 3-spoke design
- DINAMICA in grip area
- flattened bottom section
- Touch Control buttons

AMG Performance Steering Wheel – Wood & Leather (L6L)

Not with designo Natural Grain Black Ash Wood (H27) & designo Natural Grain Brown Ash Wood (H28)

- Black or Beige
- 3-spoke design
- Heavily embossed in the grip area
- Flattened bottom section
- Touch Control Buttons
- Wood on outside of wheel rim

Brakes

AMG Silver-Painted Brake Calipers (B06)
Standard on all Models

- The brake calipers painted in a silver color with AMG logo convey a sense of value and sportiness
- Front axle: 15.4" front brake discs, internally ventilated and perforated with 6-piston fixed calipers
- Rear axle: 14.2" rear brake discs, internally ventilated and perforated with single-piston floating caliper

AMG Red-Painted Brake Calipers (U70)
Optional on S 63 (\$700)

- Painting the brake calipers in red visually underscores the high performance of the composite braking system
- Front axle: 15.4" front brake discs, internally ventilated and perforated with 6-piston fixed calipers
- Rear axle: 14.2" rear brake discs, internally ventilated and perforated with single-piston floating caliper

AMG Carbon Ceramic Braking System (B07)
Optional on S 63, S 65 (\$8950)

- Bronze calipers are the signature of the AMG Carbon Ceramic Braking system
- Weight reduction of 40% compared with conventional compound brake discs
- Front axle: 16.5" front brake discs, internally ventilated and perforated with 6-piston fixed calipers
- Rear axle: 14.2" rear brake discs, internally ventilated and perforated with single-piston floating caliper

AMG Sport Suspensions

AMG Sport Suspension based on AIRMATIC
Standard on S63

Outstanding agility and vehicle control is ensured by the AMG sports suspension based on AIRMATIC, with AMG- specific kinematics, elastokinematics and parameters of the variable damper control.

- Combines outstanding agility and vehicle control with unimpaired comfort on long journeys
- two suspension setups: "Sport" and "Comfort"
- AMG-specific kinematics, elastokinematics and parameters of the variable damper control
- Optimized volume of air in the air suspension system and a progressive piston geometry reduce body roll and pitching
- Stiff kinematics combined with coordinated damping ensure the best possible handling characteristics right up to the physical limits
- Handling characteristics virtually independent of the vehicle load, thanks to increased pressure in the air spring when weight is added
- Suspension can be raised on poor surfaces, automatic lowering in "Sport" mode and from 75mph in "Comfort" mode

AMG Sport Suspension based on MAGIC BODY CONTROL with ROAD SURFACE SCAN
Standard on S65

AMG Sport Suspension based on MAGIC BODY CONTROL with ROAD SURFACE SCAN uniquely combines outstanding driving dynamics and precision with a high level of long-distance comfort.

- The system can recognize road surfaces ahead and provide an unprecedented level of body control while maintaining a composed ride with optimum handling characteristics
- Stereo camera above the rearview mirror provides a precise image of the road surface and consideration of the necessary parameters.
- The AMG Sport Suspension adapts to the respective road surface in fractions of a second by manipulating up to 200bar of oil pressure, reducing body movement significantly.
- The suspension can be raised by 40mm to increase ground clearance when necessary. At high speeds, the suspension is lowered by up to 10mm, reducing drag and improving stability.
- Active Curve Tilting Function allows the body to lean into bends by up to 2.65° on either side, reducing lateral forces and improving handling grip.

Handcrafted AMG 6.0L V12 biturbo engine (M279 E60 LA AMG)

Handcrafted AMG 6.0L V12 Biturbo engine (M177 E60 LA AMG)

Standard on S65

- **One of the highest-powered production engines in the world – 621hp , 738lb-ft**
- **Up to 21psi boost** pressure means maximum power output and outstanding low-end torque
- **Electronically controlled port fuel injection**
- **ECO Start/Stop** function enabled in Comfort “C” mode
- **Throttle Response in engine controlled through AMG DYNAMIC SELECT**
- **Standard Carbon Fiber & Aluminum Engine Cover**
 - Indicated flagship nature of V12 engine type
 - Affixed with AMG Master Builder engine plaque

AMG SPEEDSHIFT PLUS 7G-TRONIC Transmission

AMG SPEEDSHIFT PLUS 7G-TRONIC Transmission

Standard on S65

The AMG SPEEDSHIFT PLUS 7G-TRONIC 7-speed automatic transmission provides the ideal complement to the AMG 6.0-litre V12 biturbo engine. Modified accelerator characteristics and more direct throttle response result in even more agility and fun at the wheel in the "S" and "M" transmission modes.

Features of the three modes of the AMG SPEEDSHIFT PLUS 7G-TRONIC:

- Three transmission modes controlled through AMG DYNAMIC SELECT with different accelerator and gearshift mapping: Comfort "C," Sport "S," and Manual "M."
- ECO Start/Stop engaged in Comfort "C" Transmission mode

Illuminated Door Sill Panels with AMG Lettering

AMG door sill panels in brushed stainless steel with white illumination (U25), AMG Exclusive floor mats (U24)

New Interior Concept: Mahogany & Silk Beige
