

Sound system

Burmester® surround sound system (code 810)

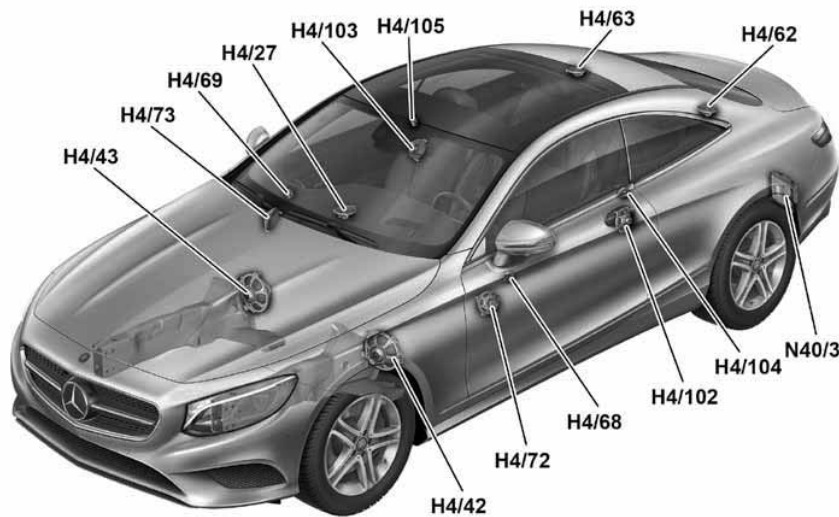

The Burmester® surround sound system special equipment has speakers and an additional amplifier with DSP (Digital Sound Processing).

Compared to the standard equipment, there is one extra speaker in the center of the instrument panel and an additional rear surround sound system midrange speaker installed on both the left and right sides of the rear shelf.

Burmester® High-End 3D surround sound system (code 811)

Another item of special equipment is the High-End 3D surround sound system from Burmester®.

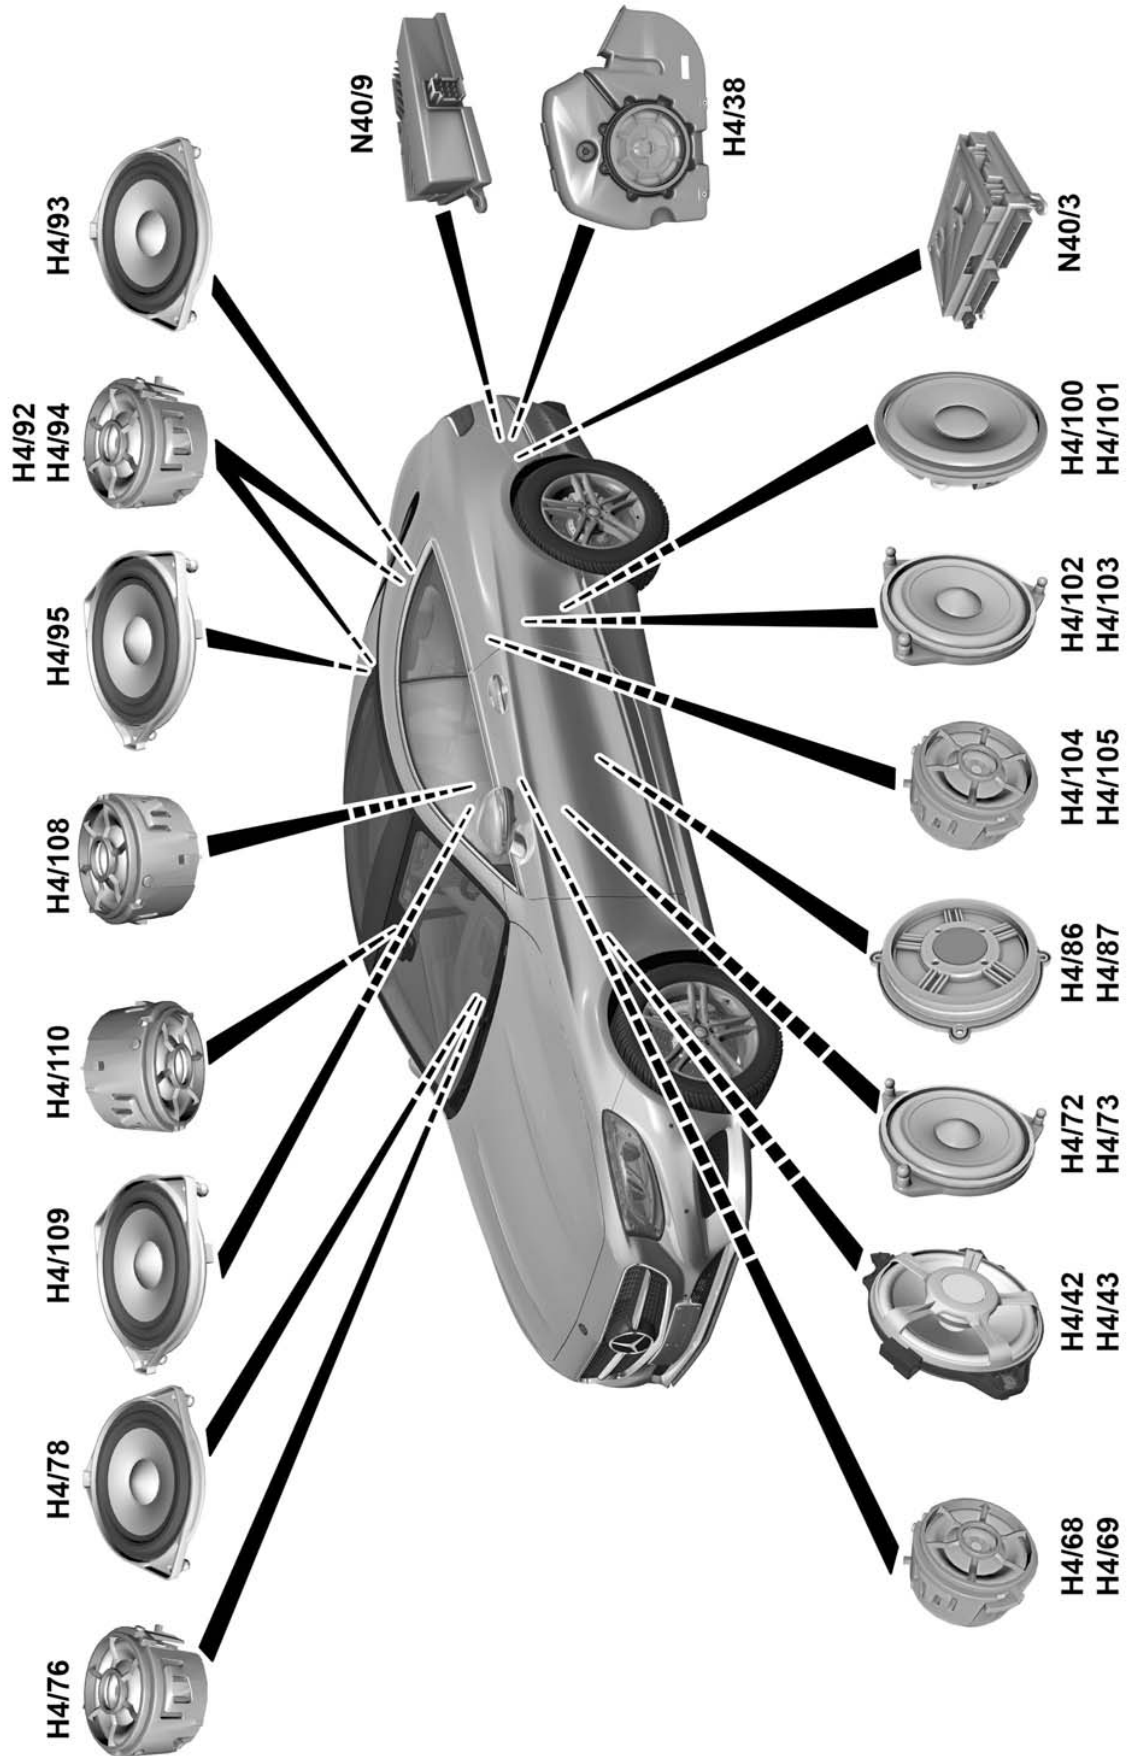

The tweeters and midrange speakers of this system are installed centrally on the instrument panel, in the overhead control panel, in the center console, in the doors on both sides, in the rear sidewall cover and in the rear surround sound system. The bass speakers are located in the rear sidewall cover, in the doors on both sides, in the left and right footwell and in the rear. The trunk contains an active bass box with an output of 400 W and a 24-channel amplifier with active diplexer and a total output of 1540 W.
