

NOTE: The Emission Performance Warranty is required by Federal Law, and is effective only to the extent required by that law. To the extent the underlying law is suspended or amended, this Warranty is automatically altered in the same manner, without further notice.

MBUSA warrants to the original and each subsequent owner of a new Mercedes-Benz vehicle that:

- a. if the vehicle is maintained and operated in accordance with the written instructions for required maintenance and use, and
- b. if the vehicle fails to conform at any time during 8 years or 80,000 miles, whichever first occurs, to the applicable emission standards as ascertained by an EPA-approved emission short test, and
- c. if such non-conformity results or will result in the vehicle owner having to bear any penalty or other sanction (including the denial of the right to use the vehicle) under local, State or Federal law, then any authorized Mercedes-Benz Center during the first 24 months or 24,000 miles will make any repairs or replacements necessary to specified systems/components to correct the non-conformity or so that the vehicle will pass the smog check test at no charge for parts and labor (including diagnosis).

For the remainder of the 8 years or 80,000 miles the authorized Mercedes-Benz Center will correct only those deficiencies directly related to the specified components in the attached list which have been installed in or on the vehicle for the sole or primary purpose of reducing vehicle emissions and that were not in general use prior to Model Year 1968.
