Mercedes-Benz MY 17 S-Class Cabriolet (A217)

An important note about this Guide:

The information presented in this guide is based on the most current information available and is intended for internal use only. Mercedes-Benz reserves the right to make changes at any time, without notice, to colors, materials, equipment, special specifications and models. Pricing may not yet be finalized for some models or options.

Due to variances among monitors and printers the colors that appear on your screen and printouts may not be exact.

For illustrative purposes, some images may show vehicles with European Specification.

Revision History

Date	Changes
1/28/2016	Initial Release
2/23/2016	Removed 597 Heated Windshield, notified Delayed Availability of 277 Steering Wheel

Visual Equipment Differentiation

Steering Wheels

277 – Multifunction sport steering wheel in Nappa leather

- Standard on S550
- For outstanding vehicle control, the multifunction sports steering wheel in Nappa leather has a flattened bottom section and is perforated in the grip area. Exclusive sportiness is also evident in the 3-spoke design, the steering-wheel gearshift paddles and the double topstitching.

Delayed
availability

314 – Multifunction wood/leather sport steering wheel \$590

- Optional as single option
- Included in Warmth & Comfort Pkg
- The combination of high-quality leather in the grip area and fine wood inserts at the top and bottom make this steering wheel a visual and tactile highlight. The wood is the same type as the selected wood trim.

Visual Equipment Differentiation

Steering Wheels

No code, standard – AMG Nappa Leather Performance Steering Wheel

- Standard on AMG models
- For outstanding vehicle control, the grip area of the AMG sports steering wheel in Nappa leather features more pronounced contours and is covered with perforated leather. AMG-specific shift paddles in bead-blasted die-cast zinc and a chrome-plated "AMG" badge underscore the sporty character.

281 – AMG Perf. Steering Wheel w. DINAMICA inserts

\$500

- Optional on AMG models
- For even more grip when carrying out sporty driving maneuvers, the AMG Performance steering wheel in Nappa leather features a grip area upholstered in DINAMICA microfiber. AMG-specific shift paddles in bead-blasted die-cast zinc and a chrome-plated "AMG" badge underscore the sporty character.

314 – Wood/Leather Steering Wheel

N/C

- Optional on AMG models
- The combination of high-quality leather in the grip area and fine wood inserts at the top and bottom make this steering wheel a visual and tactile highlight. The wood finish is the same type as the selected wood trim (with Carbon trim becomes Piano Black finish).

Equipment Differentiation

Brakes

B06 – AMG Silver Painted Brake Calipers

Standard

- *Standard on S63, S65 Cabriolet*
- The brake calipers painted in a silver color with AMG logo convey a sense of value and sportiness
- *Front axle:* 15.4" front brake discs, internally ventilated and perforated with 6-piston fixed calipers
- *Rear axle:* 14.2" rear brake discs, internally ventilated and perforated with single-piston floating caliper

U70 – AMG Red Painted Brake Calipers

\$700

- *Optional on S63, S65 Cabriolet*
- Painting the brake calipers in red visually underscores the high performance of the composite braking system
- *Front axle:* 15.4" front brake discs, internally ventilated and perforated with 6-piston fixed calipers
- *Rear axle:* 14.2" rear brake discs, internally ventilated and perforated with single-piston floating caliper

B07 – AMG Carbon Ceramic Braking System

\$8,950

- *Optional on S63, S65 Cabriolet*
- Bronze calipers are the signature of the AMG Carbon Ceramic Braking system
- Weight reduction of 40% compared with conventional compound brake discs
- *Front axle:* 16.5" front brake discs, internally ventilated and perforated with 6-piston fixed calipers
- *Rear axle:* 14.2" rear brake discs, internally ventilated and perforated with single-piston floating caliper

Option Packages

Highlight: AMG S63 “Edition 130” (P97)

Distinguished by particularly exquisite appointments that harken back to the legendary Mercedes-Benz Silver Arrows race cars, the AMG S63 “Edition 130” celebrates 130 years of Mercedes-Benz.

Key Highlight Features:

- AMG Alubeam Paint for the first application since the SLS AMG (047)
- Custom Bordeaux Red top for “Edition 130”
- AMG 20” Twin 5-spoke Forged wheels typically V12-exclusive (753)
- AMG Red painted brake calipers (U70)
- AMG Carbon Fiber/Black Piano Lacquer Trim (H10)
- *designo* Exclusive Bengal Red/Black Nappa Leather (567) & Black DINAMICA Headliner
- Unique “Edition 130” badges on Fenders, Steering Wheel clip, and Floor mats

Standard Convenience Equipment:

- Driver Assistance Package (997)
- Warmth & Comfort Package (445)
- Swarovski Crystal Headlamps (5U5)
- Night View Assist PLUS (610)
- Burmester® High-End 3D Surround Sound System (811)

Included Welcome Kit:

- AMG Indoor Car Cover with embroidery “Edition 130 – 1 of 130”
- “Edition 130” Key Ring in Aluminum Box

Technical Highlight: AIRSCARF

Standard on all vehicles

This neck-level heating makes open-top driving a pleasure even at low temperatures. Through air outlets in the head restraints, pleasantly warm air is wrapped around the necks of the driver and front passenger like an invisible scarf. The desired temperature can be set in three stages.

- neck-level heating for driver and front passenger makes comfortable open-top driving possible even at low ambient temperatures
- through air outlets in the head restraints, pleasantly warm air flows around the head and neck
- setting of temperature with 3-stage switch
- airflow adjusted by adjusting air outlets
- the speed of the exiting air automatically adjusts to the road speed

Technical Highlight: AIRCAP

Standard on all vehicles

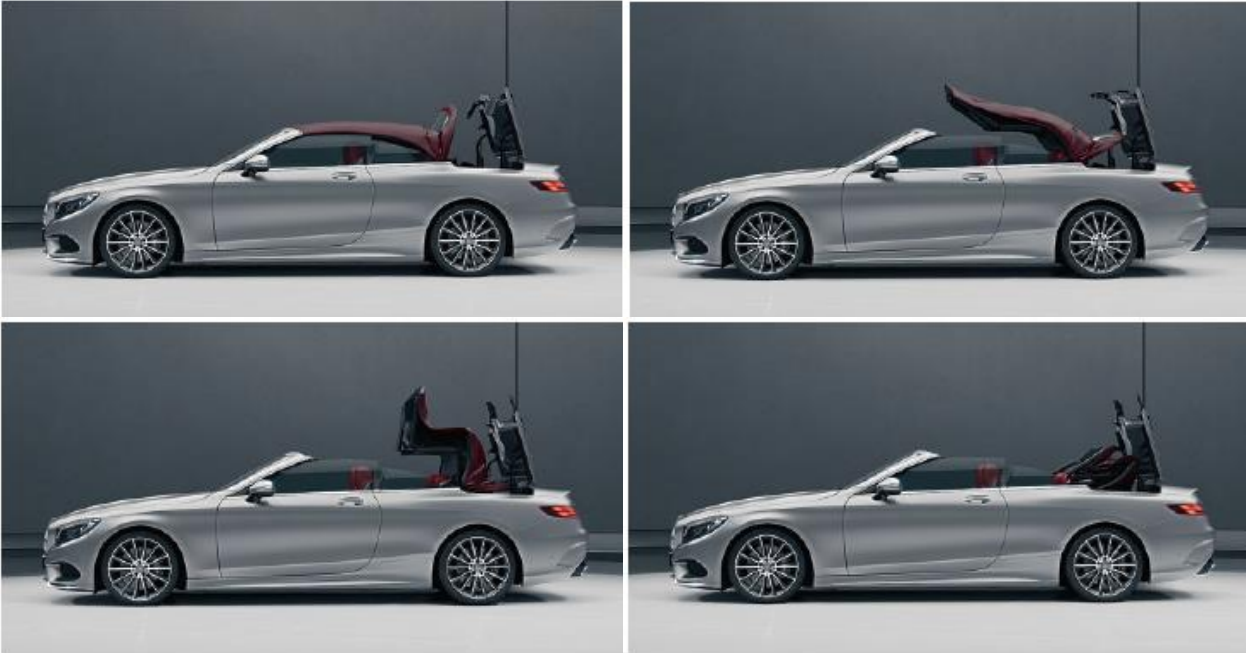

When the soft top is down, AIRCAP reduces turbulence in the interior, for passengers in the rear as well. When the AIRCAP switch is pressed, a wind louvre on the windscreen pops up and the draught-stop positioned behind the rear head restraints is extended upwards. This enlarges the curvature of the airflow over the passenger compartment. Air turbulence and noise level can thus be reduced appreciably. The draught-stop is retracted or extended together with the wind louvre via a button on the centre console.

- Electrically extending wind louvre in the windscreen frame
- Net between wind louvre and windscreen
- Electrically powered draught-stop behind the rear head restraints
- AIRCAP switch on centre console

Technical Highlight: Soft top operation

Standard on all vehicles

The fully automatic fabric top can be opened and closed at vehicle speeds of up to 31 mph. The soft top takes approx. 17 seconds to open and is operated via the electronic key or the soft top switch in the centre console. Releasing the switch stops the opening or closing procedure, which is monitored via 12 proximity limit switches. During the opening procedure, the fabric top folds into a part of the boot. The soft top is separated from the rest of the luggage compartment space by means of a retractable cover which encloses the soft top. As a result this prevents the soft top from getting dirty. This boot separator automatically extends when opening the soft top. If the boot is loaded with objects which are positioned near the boot separator then the soft top does not operate. With the soft top closed, the boot separator can be retracted via the button in the boot lid interior trim to create a larger boot volume.

Technical Highlights: AMG Powerplants

M157 Handbuilt 5.5L V8 Biturbo

M279 Handbuilt 6.0L V12 Biturbo

AMG S63 Cabriolet – M157 Handbuilt 5.5L V8 Biturbo

AMG S65 Cabriolet – M279 Handbuilt 6.0L V12 Biturbo

- Handbuilt in Germany by AMG master technicians – plaques affixed to the engine cover bears the builder’s signature
- Throttle response and transmission controlled through AMG DYNAMIC SELECT in Comfort “C,” Sport “S,” and Manual “M” modes
- ECO Start/Stop function enabled in Comfort “C” mode
- Up to 14.5 psi (M157) or up to 21psi of boost pressure (M279) depending on engine means maximized power output and outstanding low-end torque
- (M157) Forged crankshaft made from high-strength steel alloy, with continuous camshaft adjustment on intake and exhaust
- (M157) NANOSLIDE cylinder liners for reduced friction, increased throttle response, and longer service life without adding weight
- (M157) Piezo electronic direct fuel injection (pressure-controlled) to maximize power output and optimize emissions
- (M279) Electronically controlled port fuel injection
- (M279) Standard Carbon Fiber and aluminum engine cover

Technical Highlights: AMG SPEEDSHIFT TRANSMISSIONS

AMG S63 Cabriolet – AMG SPEEDSHIFT PLUS MCT 7-speed automatic gearbox

AMG S65 Cabriolet – AMG SPEEDSHIFT PLUS 7G-TRONIC automatic gearbox

AMG SPEEDSHIFT PLUS MCT 7-speed

AMG SPEEDSHIFT PLUS 7G-TRONIC

With seven gears and three transmission modes, these transmissions allow extremely dynamic acceleration and ultra-short shift times, as well as fuel-saving and luxury driving style depending on customer preference.

- **AMG SPEEDSHIFT PLUS MCT:** Featuring a multi-disc clutch in place of a torque converter, delivering ultra-rapid gear changes and throttle response
 - Shift points can be engaged in less than 100ms in Sport “S” mode
 - Automatic double-declutching function for rev-matched downshifts for an emotional exhaust sound and driving experience.
 - Three transmission modes controlled through AMG DYNAMIC SELECT with different accelerator and gearshift mapping: Comfort “C,” Sport “S,” and Manual “M.”
 - ECO Start/Stop engaged in Comfort “C” Transmission mode
- **AMG SPEEDSHIFT PLUS 7G-TRONIC:** Torque-converter automatic gearbox with AMG-modified accelerator characteristics for more direct throttle response
 - Three transmission modes controlled through AMG DYNAMIC SELECT with different accelerator and gearshift mapping: Comfort “C,” Sport “S,” and Manual “M.”
 - ECO Start/Stop engaged in Comfort “C” Transmission mode

Technical Highlights: AMG PERFORMANCE 4MATIC

Standard on AMG S63 Cabriolet, N/A on all other variants

The performance-oriented all-wheel drive developed by Mercedes-AMG combines optimum traction, hallmark AMG driving dynamics and maximum driving pleasure.

- Engine torque is distributed in a rear-biased ratio of 33% to the front axle and 67% to the rear axle for rear-wheel drive handling characteristics.
- This rear bias gives the automobile the feel and handling characteristics of a rear wheel drive car, ensuring quick response, powerful acceleration and tight cornering. Yet it also delivers the traction of all-wheel drive for enhanced safety and precise vehicle control.
- A multi-disc clutch with a 36.9 lb-ft blocking effect ensure full road adhesion potential of all four wheels, especially on quick launches, snow or ice.
- The compact, lightweight construction does not lead to any loss of space in the interior and adds only 154lb. more weight compared to a vehicle with a rear-wheel drive

Technical Highlights: AMG Adaptive Sport Suspension Based on AIRMATIC

Standard on AMG S63 Cabriolet, AMG S65 Cabriolet

AMG adaptive sport suspension based on AIRMATIC uniquely combines outstanding driving dynamics and precision with a high level of long-distance comfort.

- Combines outstanding agility and vehicle control with unimpaired long-distance comfort
- Two suspension settings: "Sport" and "Comfort"
- AMG-specific kinematics, elastokinematics and programming of the variable damper control
- A lower volume of air in the air suspension system and a progressive piston geometry reduce body roll and pitching at an early stage
- Stiff kinematics combined with coordinated damping ensure the best possible handling characteristics right up to the physical limits
- Driving characteristics virtually irrespective of the vehicle load, thanks to increased pressure in the air spring when weight is added
- Suspension can be raised on poor surfaces, automatically lowering in "Sport" mode and from 75mph in "Comfort" mode

Competitive advantages of the S550 4MATIC

BMW 6-series Convertible

- More space in S-Class Cabriolet rear
- S-Class Cabriolet has higher quality materials in interior, already as standard equipment
- BMW is based on 5 series, where S-Class Cabriolet is based on S-Class Sedan
- COMAND NTG 5*2 Infotainment System with 12.3" display screen
- Mbrace2
- +3 cu-ft larger interior volume

Bentley Continental GT

- -382 lbs. Curb Weight
- Bentley GT based on a VW (Phaeton)
- All LED headlamps
- More agility
- Large screen for navigation
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- Mbrace2

Maserati GranCabrio

- COLLISION PREVENTION ASSIST PLUS
- Better fuel economy
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- COMAND NTG 5*2 Infotainment System with 12.3" display screen
- mbrace2

Competitive advantages of the AMG S63 Cabriolet

BMW M6 Convertible

- +17hp, +144lb-ft Torque
- 0.2 second faster 0-60mph
- AMG SPEEDSHIFT PLUS MCT Transmission
- COMAND NTG 5*2 Infotainment System with 12.3" display screen
- Mbrace2
- +3 cu-ft larger interior volume

Bentley Continental GT V8 S

- +57hp, +142lb-ft Torque
- -382 lbs. Curb Weight
- 0.4 second faster 0-60mph
- AMG SPEEDSHIFT PLUS MCT Transmission
- AMG Adaptive Sport Suspension based on AIRMATIC
- AMG DYNAMIC SELECT modes controlling engine, transmission shift points (incl. Manual), exhaust
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- Mbrace2

Maserati GranCabrio Sport

- +117hp, +280lb-ft Torque
- 0.8 sec faster 0-60mph
- AMG DYNAMIC SELECT modes controlling engine, transmission shift points (incl. Manual), exhaust
- AMG Carbon Ceramic Braking System (available)
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- 20" Forged wheel option
- COMAND NTG 5.0 Infotainment System
- mbrace2

Competitive advantages of the AMG S63 Cabriolet

Aston Martin V12 Vantage S

- +12hp, +207lb-ft Torque
- AMG Adaptive Sport Suspension based on AIRMATIC
- AMG DYNAMIC SELECT modes controlling engine, transmission shift points (incl. Manual), exhaust
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- mbrace2
- +Capacity for two additional passengers

Competitive advantages of the AMG S65 Cabriolet

Bentley Continental GT Speed W12

- +133lb-ft Torque
- -276 lbs. Curb Weight
- AMG Adaptive Sport Suspension based on AIRMATIC
- AMG DYNAMIC SELECT modes controlling engine, transmission shift points (incl. Manual), exhaust
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- Mbrace2
- **Note:** Tied 0-60mph

Aston Martin DB9 Volante

- +163lb-ft Torque
- 0.6 second faster 0-60mph
- AMG Adaptive Sport Suspension based on AIRMATIC
- AMG DYNAMIC SELECT modes controlling engine, transmission shift points (incl. Manual), exhaust
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- 20" Forged wheel option
- mbrace2

Rolls-Royce Dawn

- +58 hp, +163 lb-ft Torque
- -672 lbs. Curb Weight
- 0.9 second faster 0-60mph
- Semi-autonomy: DISTRONIC PLUS with Distance Pilot and Blind Spot Assist with Active Lane Assist
- AMG DYNAMIC SELECT modes controlling engine, transmission shift points, exhaust
- AMG Carbon Ceramic Braking System (available)
- 20" *Forged* wheel option to lower unsprung weight
- mbrace2
