

With great excitement, we would like to announce the debut of the limited edition 2020 Mercedes-AMG S65 Sedan Final Edition.

The limited edition S 65 Final Edition model from Mercedes-AMG marks the pinnacle of the 6.0-liter V12 biturbo engine's long success story on board the S-Class sedan. The special edition, comprising only 130 vehicles worldwide, will be targeted by collectors of exclusive vehicles and fans of superlative twelve-cylinder engines. With its stylish looks and a comprehensive scope of standard equipment, this sedan embodies a unique combination of performance and prestige.

The loving attention on this model extends into the engine compartment where the engine fitter's badge ("One Man - One Engine") comes in a special design and is finished in exclusive black instead of silver. With an output of 621 hp and peak torque of 738 lb-ft at 2300-4300 rpm, the smooth-running V12 top model offers legendary driving dynamics and a truly unique experience.

Below are some standard feature highlights:
