

Serial No. **3120**

Date **31.5.2015**

Customer Name	Phone No.	Make	Model & Year	Registration	Odometer		
		MERCEDES	SL63 2012	71411.D	138184		
Check List		Good	Required	Check List		Good	Required
Fluids (WHILE CUSTOMER IS PRESENT)				Belts			
Coolant Condition <input type="checkbox"/> Ph / <input type="checkbox"/> Boil Point				A/C			
Brake Fluid level <input type="checkbox"/> Low				Alternator			
Brake Fluid Boiling Point				Power Steering			
Auto Transmission Fluid (Use Tools)				Serpentine			
Power Steering Fluid (Use ATF too)				Cooling System			
Engine Oil				Radiator Cap - Pressure Test			
				Radiator			
Hand Brake Travel:				Tank Sub - Assy			
Check Brake Pedal & Abnormal Noise				Upper Hose			
Check Air Condition Temperature				Lower Hose			
Wipers: Front				Heater Hose			
Rear				Radiator Fan			
Seat Belt				Air Conditioning Fan			
Horn Test				Under Chassis			
Window Operation (power)				Drive Shafts Seals Or CV boots			
Instrument Panel Lights "ON":				Tie Rod, Ends and Boots			
<input type="checkbox"/> Check Engine <input type="checkbox"/> ABS <input type="checkbox"/> Coolant <input type="checkbox"/> Battery				Exhaust Pipes			
<input type="checkbox"/> Oil Pressure <input type="checkbox"/> SRS <input type="checkbox"/> Brakes <input type="checkbox"/> Others				Engine Mountings			
Fluids Continued ...				Gear Box Mountings			
Electrolyte Fluid				Suspension Bushes			
Windshield Solvent				Brake Line / Hoses			
Different Fluid				Leakage Inspection			
Transfer Case Fluid				Engine Oil Cap			
Lights				Oil Pressure Switch			
Front Lights <input type="checkbox"/> Indicator ( <input type="checkbox"/> Side) ( <input type="checkbox"/> Small Side)				Valve Cover Gasket			
<input type="checkbox"/> Head ( <input type="checkbox"/> Low / High) <input type="checkbox"/> Fog				Engine Oil Pan / Bolts			
Rear Lights <input type="checkbox"/> Indicator Sides <input type="checkbox"/> Number Plate				Transmission Box Pan / Gasket			
<input type="checkbox"/> Brake ( <input type="checkbox"/> High Mounted) <input type="checkbox"/> Reverse				Transfer Case Box Gasket			
Head Lights <input type="checkbox"/> Faded <input type="checkbox"/> Moisture <input type="checkbox"/> Discoloration				Power Steering System			
Filters				Windshield Water Fluid Tank			
PCV Valve <input type="checkbox"/> Allow air in it				Brake Master Cylinder			
Cabin Filter				Differential Box			
Battery				Drain Plug & Washer			
Cables & Terminal				Tires			
Voltage test: W/O load <input type="checkbox"/> Full Load <input type="checkbox"/>				Pressure			
				Spark Plugs			
				Check One Spark Plug (Remove Car from Pit)			

COMMENTS

1) change coolant Tank with coolant sensor  
 2) FR lower Arm complete with lower Arm  
 3) FR support Arm.  
 4) FR Link Road  
 5) steering Tire Road & Rack End  
 6) change FR Air matick shock absorber  
 7) RR Brake Pad & Disc & sensor  
 8) change oil filter Housing with O-Ring  
 9) seat & oil cooler  
 10) wiper Bled. change  
 11) R. Side parking light Not working  
 12) Radiator Coolant Flush & fitted Rld.
