

A NEW DRIVING DIMENSION.

THE SL 55 AMG PERFORMANCE PACKAGE

- 19" AMG two-piece alloy wheels and staggered-width tires¹
- Active Body Control (ABC) with AMG "Nürburgring" calibration
- AMG compound front brakes
- AMG locking differential
- AMG Formula One "Safety Car" front apron
- 186-mph top speed²

The AMG experience – heightened.

Every Mercedes-AMG automobile is born on the racetrack. The performance leadership of countless racing champions is its provenance. The finely honed instincts that can only come from 35 years spent developing, crafting, testing and winning are its natural aptitude. Remarkable poise under extreme pressure is its confident character.

From its handcrafted 493-hp supercharged V-8 engine to its ultraprecise Active Body Control (ABC), a Mercedes-Benz SL 55 AMG can engage its fortunate driver in an emotionally elevated experience on any day, on any stretch of pavement.

The SL 55 AMG Performance Package takes you even higher. The upgraded wheels, tires, brakes and differential have been proven on the tracks of Formula One racing. AMG has reprogrammed the ABC to a "Nürburgring" calibration—with 20 percent firmer front and rear damping rates for both compression and rebound—inspired by the world's most revered racetrack. Styling is subtly enhanced inside and out, starting with a front apron design taken from the SL Safety Car built to pace Formula One races. The SL's escalated enthusiasm is met with a 20-percent increase in top track speed—making it abundantly clear where the motivation that drives the SL 55 AMG Performance Package began.

¹ AMG 19" wheels and accompanying high-speed-rated tires provide substantially increased treadwear and reduced ride comfort compared to H-rated tires. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. ² Electronically limited. Obey speed laws.

Mercedes-Benz

SL 55 AMG Performance Package

Option Code 030

AMG Safety Car front bumper with side air extractors

Alcantara-trimmed AMG sport steering wheel

186-mph (300-km/h) top track speed¹ (electronically limited)

Active Body Control (ABC) active suspension with AMG "Nürburgring" calibration

AMG compound braking system
