**GLOSSARY**
[View Full Glossary](#)

- **First Owner**  
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.
- **Lease**  
When someone leases a car from a dealer, the dealer actually sells the vehicle to a leasing company. The leasing company then collects payments for the vehicle from the new owner for 24, 36, 48 or more months. A leasing company can be an independent car dealer or a car manufacturer.
- **New Owner Reported**  
When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.
- **Ownership History**  
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
- **Title Issued**  
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

CARFAX DEPENDS ON ITS SOURCES FOR THE ACCURACY AND RELIABILITY OF ITS INFORMATION. THEREFORE, NO RESPONSIBILITY IS ASSUMED BY CARFAX OR ITS AGENTS FOR ERRORS OR OMISSIONS IN THIS REPORT. ## New Car Test Drive Review

### Category:

Summary:

### Review:

**Mercedes elegance, Porsche performance in a four-door sedan.**  
 By Sam Moses, NewCarTestDrive.com

The Mercedes E55 is a superbly engineered stealth supercar, whose potential for speed lies way beyond need. But even at half potential, its performance and safety features are worth the effort.

### Overview:

Buyers were standing in line for the C43 AMG when it was introduced two years ago. Based on the Mercedes-Benz C-Class sedan, the the C43 AMG was a 4.3-liter V8 supersedan. AMG, the performance house that builds Mercedes' championship-winning sports racing cars, converts only 500 production cars per year, so they don't tend to languish in the showrooms. In fact, they have to order the cars well in advance, then hope they can get one. Last year, super sedan enthusiasts were offered a more exclusive waiting line based on the E-Class sedan.

Meet the AMG-built E55: bigger, more powerful, more expensive, every bit as refined.
