**Voluntary Emissions Recall Campaign #2008-020001**

March, 2008

\*\*\*\*\*AUTO\*\*MIXED AADC 070  
2008020001

Dear Mercedes-Benz Owner,

This notice is sent to you requesting that you bring your vehicle to your authorized Mercedes-Benz dealer as soon as possible.

In our continuing efforts to assure the proper performance of Mercedes-Benz products and the satisfaction of our customers, Mercedes-Benz USA, LLC has initiated a Voluntary Emissions Recall Campaign for certain Model Year 2003 - 2006 E-Class and 2006 CLS-Class vehicles. Our records indicate that your vehicle is included in the population of affected vehicles.

Daimler AG (DAG), the manufacturer of Mercedes-Benz vehicles, has determined that when your vehicle is exposed to high ambient temperatures in combination with frequent stop and go driving small cracks may develop over time in the fuel filter module due to mechanical stress. Fuel evaporation through these small cracks may lead to customer complaints of fuel smell. Dealers will check the fuel filter module and repair or install an improved fuel filter module if necessary.

FOR CALIFORNIA ONLY: A Proof of Correction certificate shall be issued to you by the dealer (California only) showing that the vehicle has been repaired under the Recall. The certificate may be required by state motor vehicle facilities as a condition of vehicle registration or operation.

In order to ensure your full protection under the emission warranty provisions, it is recommended that you have your vehicle serviced as soon as possible. Failure to do so could be determined as a lack of proper maintenance on your vehicle. This Recall Campaign does not cover any other components, and standard warranty terms and exclusions apply to those components.

Your authorized Mercedes-Benz dealer is available to provide this service, free of charge. The working time required can be as high as 2 hours. If possible, please arrange it so your fuel level is at no more than one half tank when you bring your vehicle to the dealer. This will help to reduce the time to complete the repair. As a matter of normal service process, your authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time. Please contact your authorized Mercedes-Benz dealer for additional information and to schedule an appointment at your earliest convenience. Please mention Recall Campaign #2008-020001.

If you are no longer the vehicle owner, or had a change of address, please complete the reverse side of this letter and return the complete letter in the enclosed envelope. If this is a leased vehicle and the lessor and registered owner receives this notice, please forward this information by first class mail to the lessee.

Please contact your authorized Mercedes-Benz dealer should you have any questions or encounter any difficulty regarding this program.

If an authorized Mercedes-Benz dealer or Mercedes-Benz USA, LLC, fails or is unable to perform this service without charge, please call 1-800 FOR-MERCEdes (1-800-367-6372).

We hope that you are enjoying your Mercedes-Benz and we apologize for any inconvenience you may experience as a result of this issue.

Sincerely,

One Mercedes Drive, P.O. Box 350, Montvale, NJ 07645-0350, Phone 1-800-FOR-MERCEdes (1-800-367-6372), Fax (201) 476-6211
