

# Full load performance characteristics for Lysholm supercharger LYS 2300R

Inlet temperature = 25 C  
Displacement = 2.3 l/rev  
Built in volume ratio = 1.35  
Max rpm = 13 500  
Max pressure ratio = 2.2

Black curves = adiabatic efficiency (%)  
Red curves = discharge temperature (C)  
Blue curves = input speed (RPM)  
Green curves = Power (kW)  
Purple lines = Volymetric efficiency %
