Hello and thank you for your inquiry,

yes, this alternator is right for your MB. It's a replacement for Bosch. We have 6 different suppliers with our own production: HC Cargo (Bosch Group), PSH with +Line Products, PowerMax, RNL, WAI Global, AS-PL. We always deliver what we get the fastest. In terms of quality, they are all the same, it is the quality from the original equipment manufacturer, with a 2-year guarantee.

Best regards
André
